Boys will be Brilliant! Linda Tallent,Gary Wilson,2016-06-02 The problem of boys underachievement is an issue across the entire developed world and has presented teachers and early years practitioners with challenges as well as opportunities Only in Scandinavia do boys achieve at roughly the same rate as girls and there they don t start school formally until they are seven The underachievement of boys continues to be high on the government agenda For many boys in this country and elsewhere the demands made upon them in the Early Years to read and write before they are emotionally and physically ready to do so can give many an early taste of failure from which many of them never fully recover This book will address the issues that impact on achievement

Boys Will Be Bruce Brooks,2015-08-25 In twelve essays full of wit insight feeling and fun Bruce Brooks tells about boys good and not quite bad loud sports mad and smelling of sweat facing in quiet moments and school yard confrontations the choices that make them into men With topics like Stink The Cap Why Ice Hockey Kicks Football s Tutu Bullies and Respect Boys Will Be is a celebration of boyhood written for boys and all those who want to know more about them

Boys Will be Boys Myriam Miedzian,2002 In this book Miedzian provides a thorough investigation of the numerous factors influencing aggression and violence in American males In addition she also provides descriptions and proposals for interventions social action and solutions to break the link between masculinity and violence The book is separated into three major parts 1 The Problem The acceptance of violence as a way of life 2 Toward a Solution Raising sons for the twenty first century 3 Conclusions Beyond the masculine mystique Throughout the book Miedzian emphasizes that because males have a high potential for aggression and violence every effort should be made to encourage and model for males those qualities that are counter to violence She illustrates the large extent to which our culture currently and historically encourages qualities and values that increase a male s propensity for violence
