A Song I Sant To You:

The Book of Blacklights J.Moore,2025-05-09 The Book of Blacklights Seeing the light in darkness and the darkness in light For the seekers the rebels the wanderers of inner realms this is not your typical spiritual book The Book of Blacklights is a series of raw illuminating conversations that cut through the fluff of mainstream metaphysics bypassing recycled guru speak and spiritual bypassing This is a guide for those who feel the shadows and want to understand them not run from them This is a book that says the things a chosen few have been thinking and trying to piece together that other books and individuals will regurgitate in some meme or other commercial form for clicks likes and subscriptions once they find out but this lets you get the most out of it all honestly drawn from living life Most of the book is based on the philosophy that at the core all of existence is BEING BE ing Being s The more notable phrase in the book is It is what it is Nothing more nothing less Everything is something to do C est la guerre et la vie Be honest Walk your walk Drawing from the darker edges of consciousness philosophy practical honest spirituality and even some esoteric thinkings this book invites you into a lucid state of awareness a Blacklight way of Being It s a space where truth isn t sanitized where darkness and light are seen for what they are reflections teachers mirrors of the soul Just some food for thought about BEING BE ing Beings life and living it and having your being as one able to See the light in darkness and the darkness in light as to understand abundance more honestly Told through intimate often candid and metaphysical dialogues rather than traditional chapters The Book of Blacklights explores topics such as l The loneliness of spiritual ascension l The honest chaos of self ishness and identity l An honest perspective on saving a perfect world that does not want to be saved and understanding that concept clearer so you don t waste your time on it l The Divine masculine and divine feminine and the parents and source of GOD l Breakdowns of BEING BEing Beings which is also I AM and other trinities l What it means to Be in The 3 Spiritual Relationships having spirit s being in a spirit s and being with spirit s l 3 different ways individuals end up here Freely coming here Being born here or Being sent forced here l More practical and honest dealing with programmed religion and hollow dogma l Consciousness as both mystery and mechanism l The mathematics of Mind and Matter Mind over Matter division Mind multiplied by Matter Matter added to Mind etc l Practical spirituality for a post apocalyptic soul l Life and living it BEING BEing Being s and even lineage through a guitar lesson and more Inspired by deeper truths often avoided in popular spirituality this work is both mirror and lantern showing one honest path not by leading but by confronting and walking with Whether you re into mysticism shadow work apocalyptic philosophy or just tired of surface level answers The Book of Blacklights is your invitation to a richer rawer more honest experience of existence All food for thought for those who can digest it This is one way of viewing the big picture for those who walk the edge Who question everything Who know that knowing thysself means digging through both light and shadow and daring to stay awake This book is part of a larger collection of books called The Book of The Samurai Ruach which is featured in the Samurai Ruach project There are two halves of the Samurai Ruach
