A Surrogate Mothers Story:

A Surrogate Mother's Story Patricia Adair,1987-04 Surrogacy Was the Way Zara Griswold,2006 Surrogacy Was the Way Twenty Intended Mothers Tell Their Stories documents the true stories of twenty women who had children via surrogacy Surrogacy is a complete possibility in today s day and age but anyone considering this route to parenthood should know the pros and cons The women featured go to surrogacy for a variety of reasons ranging from Mayer Rokitansky Kuster Hauser syndrome MRKH to cancer to unexplained infertility and everything in between Some of the journeys go rather smoothly while others are filled with one obstacle after another Some of the women have children already and want to add to their family while most are attempting to become moms for the first time What they all have in common however is that every woman whose story is told knows what it s like to be an intended mother the term for the mother to be if and when a baby is born And all of the women ultimately end up having a child or more through surrogacy When I first started researching surrogacy I was fortunate to find several Online support groups As I gave and received support to so many other women I became fascinated with the extent to which people would go to simply have a baby I realized that their stories our stories needed to be heard thus the idea for this book was born For the millions of women who have been touched by infertility in some way or know someone who has Surrogacy Was the Way will open their eyes to amazing possibilities It will show them that they do have options and with persistence and faith they can achieve their dreams of motherhood after all

Surrogate Motherhood and the Politics of Reproduction Susan Markens,2007-09-04 In an analysis of legislative responses to surrogacy in New York and California the author explores how discourses about gender family race genetics rights and choice have shaped policies aimed at this issue She examines the views of legislators women s organizations religious groups the media and others **When Hope Becomes Life** Susan Ring,2019-06-07 IN THIS ASTONISHING follow up story from Book One The Unexpected Mother Susan Ring a single mother of two is at a photo shoot for O The Oprah Magazine in 2003 invited to share her story with the world The photographer hands her a sign to hold in front of her body for the article The sign reads FOR RENT What follows is a transformational story that is both heartbreaking and exhilarating As Susan hurtles toward the confusion of what it means to be a surrogate mother and what might help her cope she throws herself back into the surrogacy world where she feels most comfortable She ends up spending an entire decade of her forties being a surrogate mother for other families As with many love stories things start to fall apart and she realizes surrogacy has become an obsession Susan longs for a single why to her pregnancy past but finds many complex reasons She forges ahead to find answers deep within herself and wants what is missing from her life She finds what she never expected

Surrogate Motherhood Martha A. Field,1990-10 Martha Field examines the myriad legal complexities that today enmesh surrogate motherhood and also looks beyond existing legal rules to ask what society wants from surrogacy **My Seven Gifts** Tawni Rae,2014-04 Ever wondered just what it takes to become a surrogate mother Author Tawni Rae was once told

that she would never be able to have children Little could she have imagined that she would eventually give birth to not only three babies of her own but also seven surrogate infants And now Rae has chosen to share her journey in *My Seven Gifts A Surrogate s Story* From meeting the intended parents to the implantation procedure and beyond Rae gives readers an intimate look at what it takes for a woman to carry a baby that is not her biological child *My Seven Gifts* draws readers into the one woman s courage and determination Along the way Rae overcomes overwhelming difficulties and even challenges her own prejudices when she makes the decision to carry a baby for a same sex couple Why would a woman risk her health and undergo such an emotional process to help families she barely knows In Rae s own words she made that choice Because I wanted to help another woman become a mom *Surrogate Mothers* Sue A. Meinke,1986 **Surrogate Mother** Kirsty Stevens,Emma Dally,1985 **Birth Mother** Elizabeth Kane,1988 **Baby Ava** Caroline O'Flaherty,Niall O'Flaherty,2012 *Baby Ava* tells the story of two parents struggle to conceive beginning with Caroline s life threatening illness and covering their journey to a surrogacy clinic in India the birth of their daughter by a surrogate mother and their subsequent battle with the authorities to get an Irish passport for little Ava Any couple s decision to have a baby is a momentous occasion but for Caroline and Niall O Flaherty this decision brought them down a road of emotional and physical stress and heartache As Caroline was unable to carry a baby to full term the pair unsuccessfully explored IVF treatment and adoption before finding a glimmer of hope through Dr Patel s Infertility Clinic in India To great celebration they met the surrogate mother in August 2010 and following a successful embryo transfer Ava was born in April 2011 However when their heartache should have turned to joy they met another battle On the basis that Ava was a surrogacy baby the Irish Government refused to issue her a passport or emergency travel documents The deficit of legislation governing surrogacy in Ireland combined with the surrogate mother being considered the legal mother left Caroline and Ava stranded in India in a legal limbo with terrorism threats ripe in the wake of bin Laden s death TV crews from CNN and BBC World in Anand soon dubbed little Ava the baby without a passport as Caroline was interviewed by numerous news shows including a Japanese network Back in Dublin Niall and his legal team battled to bring Ava they were met with numerous legal obstacles and negativity and were even advised by one official to look into good orphanages in India Ava finally received one of the first passports granted to an Irish surrogacy baby and made history by suing the Irish State at just 3 weeks old The issuing of Ava s passport ultimately affected the status of surrogacy in Ireland in February 2012 new guidelines were used by the Department of Justice to assist parents planning to have children via surrogate mothers abroad that allowed for the granting of travel documents Caroline and Niall s tale of surrogacy is brave and bittersweet embracing the richness and diversity of Indian culture and the generosity of its people **Playing Dolly** E. Radical Critiques of the Law Stephen M. Griffin, Robert C. L. Moffat, 1997 The past two decades have seen an outpouring of work in legal theory that is self consciously critical of aspects of American law and the institutions of the liberal state In this lively volume eminent scholars in philosophy law and political science respond to this recent scholarship by exploring what constitutes a radical critique of the law examining such theories as critical legal studies feminist theory and theories of difference and critical race theory The authors consider whether the critiques advanced in recent legal theory can truly be called radical and what form a radical critique of American law should take Writing at the cutting edge of the critique of critical legal theory they offer insights first on critical legal scholarship then on feminist political and legal theory A third group of contributions questions the radicalness of these approaches in light of their failure to challenge fundamental aspects of liberalism while a final section focuses on current issues of legal reform through critical views on criminal punishment including observations on rape and hate speech Each major essay describes the underlying principles in the development of a radical legal theory and addresses unresolved questions relating to it while accompanying commentaries present conflicting views The resulting dialogue explores wide ranging issues like equity value relativism adversarial and empathic legal advocacy communitarianism and the social contract impartiality and contingency natural law and corrective justice A common thread for many of the articles is a focus on the social dimension of society and law which finds the individualism of prevailing liberal theories too limiting *Radical Critiques of the Law* is particularly unique in presenting critical and feminist approaches in one volume along with skeptical commentary about just how radical some critiques really are Proposing alternative critiques that embody considerably greater promise of being truly radical it offers provocative reading for both philosophers

and legal scholars by showing that many claims to radicalism are highly problematic at best **For the Love of Strangers**
Linda Villanueva, A. g.,2006-02-01 Many people have asked me questions about my experience of becoming and living as a
surrogate mother Many of these were the same questions I had asked myself before during and after my adventure What
does this really entail Is it dangerous Is this something that might be right for my family What kind of people would trust a
surrogate mother to carry their child Can I handle the responsibility Can I really walk away from a baby that had shared my
body Why would I want to do such an enormous favor for complete strangers As a girl growing up in northern California I
dreamt of being a mother Sometimes I would lay awake at night and think about the things I wanted to teach my children
and the fun places I would take them I planned worked and waited for what I thought was the perfect time to start my family
I couldnt bear the thought of my life without a family nor could I stand the thought of it not happening for other good people
