

A thief's tale tg

It is as recalled that... I am not bragging it is an objective fact, I have stolen from every important person in this pathetic little city and they are no closer to me than they were when I started stealing from them. I had been wanting a mansion of some old woman, she was said to be a good woman during her prime, but with no hint of her there was no way for her to give me her fortune to us... was I really stealing from anyone?

Night quickly came and now I was ready to strike. I climbed up the building until I reached a window, it was closed and clearly been made weak by time, with little effort I was able to shatter open the old window and find my way inside. I could hear the old lady in the next room clearly sleeping, I could hear the steers from outside the house. I went down the stairs, my hands held by the wood was supported by the old woman's hearing. Looking around the house for the last twenty minutes I had found very few items of worth, so I only had to place left to go... the basement I went down into the decrepit old structure, the ground-floor here was unbearable, cobwebs covered the walls and dust coated every surface imaginable, every table and every worthless trinket was coated in dust... clearly no one had entered down here in years. I finally reached the end of the decrepit little line of age-old tables and was met with a chest, embedded with gold "bags" I whispered, so low that I barely even registered that I had said it, I wrapped my fingers around its intricate handles and lifted it gently, hoping not to make a sound, the last thing I wanted was for this thing to crack loud enough to wake the old lady. What I found inside made me to give from me to her, her weapons and her armor... "this will still be a fortune" I said, actually louder than the last time I spoke, something was wrong, but I couldn't quite place what it was, then it hit me, where was that old woman sleeping, I quickly turned around to see the old lady looking down at me, with a mischievous grin on her face.

"you could have at least touched my child, it would have made you a great deal of trouble" the old lady said with a tone that hinted at annoyance. "how did you know I was here?" I asked, the old woman pointed at a tile underneath me I lifted my foot and it lifted with me. "what for?" she said proudly, before letting out a loud chuckle. "but to be fair my days are numbered, perhaps another can carry my mantle, but you will bear the consequences of that" she said kindly. "sure, this old woman is just gonna give me those, I can make a fortune selling those weapons." I will quickly wrap those weapons in your name" I said sincerely in an attempt to hide my intentions. "but like that you won't, remember consequences" she said menacingly while lifting her hand and saying something unintelligible. I felt something wrap itself around me, it was her armor. "I can't break" I said quietly as the suit was making it nearly impossible to break. "stop your whining dear, you will wear it the suit" the old woman said.

My lips expanded to an overly proportioned and my waist took on a more appropriate shape for the suit, that of a well-endowed woman, my arms became slender, lifting more of the pressure, my legs took on a more suitable shape for this suit, the most change I noticed was that my feet had grown considerably longer, my face became that of a beautiful young woman and my armor upon disappearance causing me to grow with my new skin, hair lines perfectly emerged from my head causing me to remain in aging, but this pain ceased quickly, my nipples increased in size and became infinitely more sensitive, they were pushed forward by her breasts, which perfectly fitted the suit, when my new breasts came into contact with the city fabric, I returned in a state of pure ecstasy, an involuntary white spread across my flawless face, there was only one painful light place left, my crotch. I was hit that pressure began to die down, my mouthed finally unclenched me and became a smile, I returned in a state of pure absolute pleasure, the suit was now comfortably tight on me and devoid of my previous body, I also felt intense power which my instincts told me was the power of a dragon. The old woman placed her hands on my cheeks, a gentle smile was on her face. "You are now more beautiful than I was, I could not have asked for a better outcome... now go and rid the world of evil" she said playfully, she bent down and kissed me on the forehead before leaving to dust... I picked up the sword from the chest and headed out into the world, with a new sense of purpose instilled in my own being. Like a conviction, I would do what my predecessors told me to do, rid the world of evil, and I will do it by any means that I can.
