Duncan,2004-02-16 In the balkanized United States of 2053 whites blacks and Hispanics have their own sections as do senior citizens and the young There is a growing divide between the genetically enhanced genrich humans and the genpoor population Robots are used as criminal enforcers Clinics can erase or create memories Bio human synthetics give the seven deadly sins a few new wrinkles But one thing hasn't change murder remains a staple of human life With this balkanized America as the backdrop private detective Jerico Drake searches for a missing aide to a U S Senator But the beautiful aide has left several dead bodies in her wake and has antagonized powerful criminals and lethal lobbying groups Drake must sort through the human wreckage of evil and corruption to find the aide and keep her safe and in doing so also find a degree of grace
