Academic Writing in a Second or Foreign Language Ramona Tang, 2012-01-12 It can be a challenge writing in a language that is not your native tongue Constructing academic essays dissertations and research articles in this second or foreign language is even more challenging yet across the globe thousands of academics and students do so some out of choice some out of necessity This book looks at a major issue within the field of English for Academic Purposes EAP It focuses on the issues confronting non native English speaking academics scholars and students who face increasing pressure to write and publish in English now widely acknowledged as the academic lingua franca Questions of identity access pedagogy and empowerment naturally arise This book looks at both student and professional academic writers using qualitative text analysis quantitative questionnaire data corpus investigations and ethnographic approaches to searchingly examine issues central to the EAP field

Guide to College Writing Assessment Peggy O'Neill, Cindy Moore, Brian Huot, 2009-03-20 While most English professionals feel comfortable with language and literacy theories assessment theories seem more alien English professionals often don't have a clear understanding of the key concepts in educational measurement such as validity and reliability nor do they understand the statistical formulas associated with psychometrics But understanding assessment theory and applying it by those who are not psychometricians is critical in developing useful ethical assessments in college writing programs and in interpreting and using assessment results A Guide to College Writing Assessment is designed as an introduction and source book for WPAs department chairs teachers and administrators Always cognizant of the critical components of particular teaching contexts O'Neill Moore and Huot have written sophisticated but accessible chapters on the history theory application and background of

writing assessment and they offer a dozen appendices of practical samples and models for a range of common assessment needs Because there are numerous resources available to assist faculty in assessing the writing of individual students in particular classrooms A Guide to College Writing Assessment focuses on approaches to the kinds of assessment that typically happen outside of individual classrooms placement evaluation exit examination programmatic assessment and faculty evaluation Most of all the argument of this book is that creating the conditions for meaningful college writing assessment hinges not only on understanding the history and theories informing assessment practice but also on composition programs availing themselves of the full range of available assessment practices

Handbook of Adolescent Literacy Research Leila Christenbury, Randy Bomer, Peter Smagorinsky, 2010-07-01 The first comprehensive research handbook of its kind this volume showcases innovative approaches to understanding adolescent literacy learning in a variety of settings Distinguished contributors examine how well adolescents are served by current instructional practices and highlight ways to translate research findings more effectively into sound teaching and policymaking The book explores social and cultural factors in adolescents approach to communication and response to instruction and sections address literacy both in and out of schools including literacy expectations in the contemporary workplace Detailed attention is given to issues of diversity and individual differences among learners

Tell Me a Story Anthony Tate Fulton, Christopher B. Field, Michael MacBride, 2017-09-25 Stories have great power This book attempts to harness that power to help students grow and develop as writers It argues that stories and narratives can be utilized in the composition classroom specifically first year composition FYC to break down barriers Throughout a given semester stories and narratives can help students in composition courses to overcome academic personal and creative barriers establishing a space for developing as writers and thinkers Providing theoretical approaches practical methods and implications for using stories in FYC this book explores the versatility of stories as teaching tools
