Behemoth B Max:

Behemoth Peter Watts, 2004-07 When avenger and amphibious deep sea cyborg Lenie Clarke learns that she has been duped into destroying the world by a corporate group she emerges in the wake of a nuclear blast to serve up a vendetta from the ocean floor

Behemoth: B-Max Peter Watts, 2014-08-26 Starfish lit the fuse Maelstrom was the explosion But five years into the aftermath things aren't quite so simple as they once seemed Lenie Clarke rifter avenger amphibious deep sea cyborg has destroyed the world Once exploited for her psychological addiction to dangerous environments she emerged in the wake of a nuclear blast to serve up vendetta from the ocean floor The horror she unleashed an ancient apocalyptic microbe called ehemoth has been free in the world for half a decade now devouring the biosphere from the bottom up North America lies in ruins beneath the thumb of an omnipotent psychopath Digital monsters have taken Clarke's name wreaking havoc throughout the decimated remnants of something that was once called Internet Governments have fallen across the globe warlords and suicide cults rise from the ashes pledging fealty to the Meltdown Madonna All because five years ago Lenie Clarke had a score to settle But she has learned something in the meantime she destroyed the world for a fallacy Now cowering at the bottom of the Atlantic Ocean rifters and the technoindustrial corpses who created them hide from a world in its death throes But they cannot hide forever something is tracking them down amongst the lightless cliffs and trenches of the Midatlantic Ridge The consequences of past acts reach inexorably towards the very bottom of the world and Lenie Clarke must finally confront the mess she made Redemption doesn't come easy with the blood of a world on your hands But even after five years in purgatory Lenie Clarke is still Lenie Clarke There will be consequences for anyone who gets in her way and worse ones perhaps if she succeeds Behemoth Max is the first of two volumes The story will conclude in ehemoth Seppuku At the Publisher's request this title is being sold without Digital Rights Management Software DRM applied

Beyond the Rift Peter Watts, 2013-11-12 Skillfully combining complex science with finely executed prose these edgy award winning tales explore the always shifting border between the known and the alien The beauty and peril of technology and the passion and penalties of conviction merge in stories that are by turns dark satiric bold and introspective A seemingly humanized monster from John Carpenter's *The Thing* reveals the true villains in an Antarctic showdown An artificial intelligence shields a biologically enhanced prodigy from her overwhelmed parents A deep sea diver discovers that her true nature lies not within the confines of her mission but in the depths of her psyche A court psychologist analyzes a psychotic graduate student who has learned to reprogram reality itself A father tries to hold his broken family together in the wake of an ongoing assault by sentient rainstorms Gorgeously saturnine and exceptionally powerful these collected fictions are both intensely thought provoking and impossible to forget

This guide describes and organizes according to reading interests more than 500 of the best contemporary Canadian fiction titles available today. Canadian fiction offers a wealth of diverse pleasures to readers from high-toned literary works to down and dirty genre fiction. However, apart from the big names and superstars, many of these authors are not well known outside of Canada. Designed to help readers, advisors in the United States, Canada, and other English-speaking countries make informed reading recommendations to their patrons, this guide provides readers, advisors, and readers with an overview of Canadian fiction covering more than 650 popular titles, mainstream and genre fiction most published within the past decade. The guide categorizes mainstream titles according to primary appeal, features, language, character, setting, and story, and identifies the secondary appeal when there is one. Genre fiction covered in a separate section is organized according to standard genres: fantasy, romance, etc., with subdivisions for subgenres and themes. For each title, bibliographic information and a brief annotation is provided. Subjects are listed along with awards and an indication of whether the title is appropriate for book groups. An appendix contains information on Canadian Book Awards. A reader's advisory guide and reference tool, this book is also an important aid for collection development. *Quill & Quire*, 2004
