Behind The Mountain:

"The Land of the Sky;" Or, Adventures in Mountain By-ways Christian Reid, 1876 Christian Reid Mrs Frances Tiernan wrote this her tenth novel in 1875 This book gave the North Carolina mountain region its name A charming yet highly significant book also included is an 1877 nonfiction article by Reid about the mountains Copyright Libri GmbH All rights reserved **From Adam to Omega** A.R. Roberts, 2020-09-24 Due to government secrecy the public never learned of the numerous UFO incursions at strategic nuclear weapons installations where they disabled ICBM missiles and even activated their launch codes They never heard about UFO encounters reported by police officers civilian and military pilots and astronauts and they were never told the real facts of the Roswell event The volume of evidence suggesting we are not alone and probably never have been is overwhelming It suggests an alien agenda to accelerate the evolution of the human race To understand what is happening requires knowledge of what is going on today as well as the past particularly during the biblical era Much has been learned through the Freedom of Information Act from whistleblowers and government and military officials This book connects the dots suggesting what aliens have been doing for the past several thousand years
