Behind The Myth:

John Wayne Michael Munn,2005-03-01 A rare behind the scenes look at John Wayne the legend hero and Hollywood icon of numerous epic Western films including an Academy Award winning performance in True Grit No legend ever walked taller than The Duke Now author Michael Munn s startling new biography of John Wayne sets the record straight on why Wayne didn t serve in World War II on director John Ford s contribution to Wayne s career and the mega star s highs and lows three failed marriages and two desperate battles with cancer Munn also discloses publicly for the first time Soviet dictator Josef Stalin s plot to assassinate Wayne because of his outspoken potentially influential anti Communist views Drawing on time spent with Wayne on the set of Brannigan and almost 100 interviews with those who knew him Munn s rare behind the scenes look proves this absolute all time movie star was as much a hero in real life as he ever was on screen

DeAngelis,Neal P. McCluskey,2020-10-07 Are there legitimate arguments to prevent families from choosing the education that works best for their children Opponents of school choice have certainly offered many objections but for decades they have mainly repeated myths either because they did not know any better or perhaps to protect the government schooling monopoly In these pages 14 of the top scholars in education policy debunk a dozen of the most pernicious myths including school choice siphons money from public schools choice harms children left behind in public schools school choice has racist origins and choice only helps the rich get richer As the contributors demonstrate even arguments against school choice that seem to make powerful intuitive sense fall apart under scrutiny There are frankly no compelling arguments against funding students directly instead of public school systems *School Choice Myths* shatters the mythology standing in the way of education freedom **Chambers' Encyclopædia** ,1893

Ideology, Legitimacy and the New State Sinisa Malesevic,2013-01-11 A comparative analysis of the dominant ideologies and modes of legitimization in communist Yugoslavia and post Communist Serbia and Croatia The aim of the book is to identify and explain dominant normative and operative ideologies and principal modes of legitimization in these three case studies Tony Stark, Odysseus, and the Myths Behind Marvel Peter Meineck,2026-02-17 By connecting our modern heroes to the archetypes of ancient myth Peter Meineck s marvelous book bestows thrilling contemporary resonance upon

those bygone legends Christopher Markus coscreenwriter of Avengers Infinity War and Avengers Endgame What connects Dionysus the ancient Greek god of transformation and Spider Man a modern day superhero Since its inception Marvel has created in comics and on the silver screen a vast intricate universe brimming with superheroes and superhumans Yet Marvel exists in a much larger mythological tradition one that dates back to the ancient Greeks and their tales of gods and heroes Professor of Classics Peter Meineck embarks on a captivating pilgrimage through ancient Greek mythology through the lens of some of Marvel s most iconic characters including Captain America Wolverine and Black Widow and traces their lineage to the dawn of human culture Some connections are astounding and eye opening like Black Panther s ties to the legend of Atlantis and Daredevil s relationship to the mighty Herakles while others are uncanny in their resemblance What for example do Scarlet Witch and the sorceress Medea have in common As grieving mothers cast out from society quite a lot actually As Meineck reintroduces ancient figures like Achilles and Odysseus he demonstrates how themes that appeared in the likes of Homer s Iliad and Odyssey continue to emerge in our stories today He explores why these tales endure and how they have shifted to reflect society s changing values Through his endeavor one important question arises What do our modern myths say about us A fascinating and entertaining read Tony Stark Odysseus and the Myths Behind Marvel is a rollicking journey from the legends of old to the pop culture stories of today
