Folding screens known as by bu in Japanese are treasures within any museum's collection and are beloved by the general public. This beautiful publication brings together the very finest screens from the world-renowned collections of the Art Institute of Chicago and the Saint Louis Art Museum. The featured works range from an extraordinary pair of landscapes by Sesson Sh'kei, a Zen Buddhist monk painter of the late sixteenth century, to daring works from the late twentieth century. The first half of the Edo period is especially well represented with a dozen screens from the seventeenth century by Kaih Y'sh and Tosa Mitsuoki among other masters. *Beyond Golden Clouds* also discusses the contemporary scene with ten examples from the twentieth century, proving the longevity of this art form and its currency among modern-day artists. Enlightening essays by important scholars in the field cover topics including the emergence of screens as an art form and a novel discussion of the relationship of Japanese screens to those made in other countries T'ien Hsia Monthly , 1936
