Behind The Mask Of Innocence:

Behind the Mask of Innocence Kevin Brownlow,1990 All the issues that torment America today were rampant in the silent film era crime poverty alcohol drugs racial and ethnic prejudice epidemics and the controversies over birth control abortion and the death penalty And there were others that persist today but were then even more explosive sexual mores government and police corruption prison conditions immigration and strife between capital and labor Although many early moviemakers ignored harsh realities choosing to depict a society shielded by a mask of innocence others went behind that facade fighting the ever present censors and producing films that made even the most sheltered moviegoer aware of deep rents in the country's social fabric Some films were exploitative some serious but together they add up to a revelation of the dark side of American life a revelation startling to us today because it was later in the era of the Hays Office so thoroughly ignored indeed denied by Hollywood *Working-class Hollywood* Steven J. Ross,2000-01-03 The outcome of these battles was critical to our own times for the victors got to shape the meaning of class in twentieth century America

Women Filmmakers in Early Hollywood Karen Ward Mahar,2008-08-25 *Women Filmmakers in Early Hollywood* explores when how and why women were accepted as filmmakers in the 1910s and why by the 1920s those opportunities had disappeared In looking at the early film industry as an industry a place of work Mahar not only unravels the mystery of the disappearing female filmmaker but untangles the complicated relationship among gender work culture and business within modern industrial organizations In the early 1910s the film industry followed a theatrical model fostering an egalitarian work culture in which everyone male and female helped behind the scenes in a variety of jobs In this culture women thrived in powerful creative roles especially as writers directors and producers By the end of that decade however mushrooming star salaries and skyrocketing movie budgets prompted the creation of the studio system As the movie industry remade itself in the image of a modern American business the masculinization of filmmaking took root Mahar's study integrates feminist methodologies of examining the gendering of work with thorough historical scholarship of American industry and business culture Tracing the transformation of the film industry into a legitimate big business of the 1920s and explaining the fate of the female filmmaker during the silent era Mahar demonstrates how industrial growth and change can unexpectedly open and close opportunities for women

The First King of Hollywood Tracey Goessel,2015-10-01 Theatre Library Association's Wall Award Finalist Silent film superstar Douglas Fairbanks was an absolute charmer Irrepressibly vivacious he spent his life leaping over and into things from his early Broadway successes to his marriage to the great screen actress Mary Pickford to the way he made Hollywood his very own town The inventor of the swashbuckler he wasn't only an actor he all but directed and produced his movies and in founding United Artists with Pickford Charlie Chaplin and D W Griffith he challenged the studio system But listing his accomplishments is one thing and telling his story another Tracey Goessel has made the latter her life's work and with exclusive access to Fairbanks's love letters to Pickford she brilliantly illuminates how Fairbanks conquered not just the

entertainment world but the heart of perhaps the most famous woman in the world at the time When Mary Pickford died she was an alcoholic self imprisoned in her mansion nearly alone and largely forgotten But she left behind a small box in it worn and refolded were her letters from Douglas Fairbanks Pickford and Fairbanks had ruled Hollywood as its first king and queen for a glorious decade But the letters began long before when they were both married to others when revealing the affair would have caused a great scandal Now these letters form the centerpiece of the first truly definitive biography of Hollywood s first king the man who did his own stunts and built his own studio and formed a company that allowed artists to distribute their own works outside the studio system But Goessel s research uncovered more that Fairbanks s first film appearance was two years earlier than had been assumed that his stories of how he got into theater and then into films were fabricated that the Pickford Fairbanks Studios had a specially constructed underground trench so that Fairbanks could jog in the nude that Fairbanks himself insisted racist references be removed from his films intertitles and the true cause of Fairbanks s death Fairbanks was the top male star of his generation the maker of some of the greatest films of his era The Thief of Bagdad Robin Hood The Mark of Zorro He was fun witty engaging creative athletic and a force to be reckoned with He shaped our idea of the Hollywood hero and Hollywood has never been the same since His story like his movies is full of passion bravado romance and desire Here at last is his definitive biography based on extensive and brand new research into every aspect of his career and written with fine understanding wit and verve

Fade In, Crossroads Robert Jackson,2017 **Fade In** Crossroads is a history of the relations between black and white southerners and films from the silent era to midcentury It illustrates how the rise and fall of the American film industry coincided with that of the South s most important modern product and export Jim Crow segregation
