

**Why is Belief in God
So Universal and Persistent?**

Belief In God

Allen Filson

Belief In God:

50 Reasons People Give for Believing in a God Guy P. Harrison, 2009-09-18 Many books that challenge religious belief from a skeptical point of view take a combative tone that is almost guaranteed to alienate believers or they present complex philosophical or scientific arguments that fail to reach the average reader This is undoubtedly an ineffective way of encouraging people to develop critical thinking about religion This unique approach to skepticism presents fifty commonly heard reasons people often give for believing in a God and then raises legitimate questions regarding these reasons showing in each case that there is much room for doubt Whether you re a believer a complete skeptic or somewhere in between you ll find this review of traditional and more recent arguments for the existence of God refreshing approachable and enlightening From religion as the foundation of morality to the authority of sacred books the compelling religious testimony of influential people near death experiences arguments from Intelligent Design and much more Harrison respectfully describes each rationale for belief and then politely shows the deficiencies that any good skeptic would point out As a journalist who has traveled widely and interviewed many highly accomplished people quite a number of whom are believers the author appreciates the variety of belief and the ways in which people seek to make religion compatible with scientific thought Nonetheless he shows that despite the prevalence of belief in God or religious belief in intelligent people in the end there are no unassailable reasons for believing in a God For skeptics looking for appealing ways to approach their believing friends or believers who are not afraid to consider a skeptical challenge this book makes for very stimulating reading

Belief in God Charles Gore, 1921

Belief in God George I. Mavrodes, 1970 This book deals with a limited aspect of religion Any well developed religion is a very complex entity which unites components of very different sorts There is probably no living religion that does not involve a set of characteristic beliefs some prescribed or recommended practices public or private or both some characteristic feelings or emotions and some institutions or social arrangements In addition religions usually involve their adherents in special forms of experience With respect to the complexity that it generates interest in religion is similar to other pervasive human interests and activities such as those that generate scientific enterprises For some purposes however it is useful to separate the aspects of a complex phenomenon and to discuss one or another of these aspects individually so far as is possible This is the procedure that I will adopt here My discussion is aimed primarily at that element of religious interest that centers upon belief with what one might call the noetic aspect of religion Some of the other aspects that I have mentioned most notably religious experience and to a much smaller extent religious institutions are discussed but only to the extent that I take them to be relevant to questions about belief But of course the should not be construed to imply that these other aspects of religion are unimportant

Existential Reasons for Belief in God Clifford Williams, 2011-02-23 In this book philosopher Clifford Williams argues that needs desires and emotions have a legitimate place in drawing people into faith Addressing the strongest objections to these types of reasons he shows how the personal and experiential aspects

of belief play an important part in coming to faith and remaining a believing person The Belief in God and Immortality James Henry Leuba, 1921 **Why Would Anyone Believe in God?** Justin L. Barrett, 2004 Because of the design of our minds That is Justin Barrett's simple answer to the question of his title With rich evidence from cognitive science but without technical language psychologist Barrett shows that belief in God is an almost inevitable consequence of the kind of minds we have Most of what we believe comes from mental tools working below our conscious awareness And what we believe consciously is in large part driven by these unconscious beliefs Barrett demonstrates that beliefs in gods match up well with these automatic assumptions beliefs in an all knowing all powerful God match up even better Barrett goes on to explain why beliefs like religious beliefs are so widespread and why it is very difficult for our minds to think without them Anyone who wants a concise clear and scientific explanation of why anyone would believe in God should pick up Barrett's book *How We Believe, 2nd Edition* Michael Shermer, 2003-10 Recent polls show that 96% of Americans believe in God Why are people turning to religion in greater numbers than ever before In *How We Believe* Michael Shermer presents the results of an exhaustive empirical study in which he asked 10 000 Americans how and why they believe and about details of their faith The result offers fresh and startling insights into age old questions Knowing with the Heart Roy Clouser, 2007-09-01 The famous scientist and philosopher Blaise Pascal memorably said that the heart has its reasons the mind will never know But too often it's forgotten that Pascal in referring to the heart's reasons was not talking about hunches or cozy feelings Instead he had in mind our intuitive knowledge of the first principles of number time space and motion And he believed God can be known in the same way so that belief in God has the same justification as scientific and mathematical principles Was he right In *Knowing with the Heart* Roy Clouser develops a broad compelling case for Pascal's position Against the current climate of religious relativism Clouser concludes that Christians are entitled to say they know God is real Written in clear and nontechnical language *Knowing with the Heart* is intended for believers concerned with the credentials of their faith and those who don't believe in God but are willing to investigate and reconsider *The Reason for God* Timothy Keller, 2008-02-14 A New York Times bestseller people can believe in by a pioneer of the new urban Christians Christianity Today and the C S Lewis for the 21st century Newsweek Timothy Keller the founding pastor of Redeemer Presbyterian Church in New York City addresses the frequent doubts that skeptics and even ardent believers have about religion Using literature philosophy real life conversations and potent reasoning Keller explains how the belief in a Christian God is in fact a sound and rational one To true believers he offers a solid platform on which to stand their ground against the backlash to religion created by the Age of Skepticism And to skeptics atheists and agnostics he provides a challenging argument for pursuing the reason for God **God Is Great, God Is Good** William Lane Craig, Chad Meister, 2010-09-24 In this magisterial collection the contemporary complaints against belief in God are addressed with intellectual passion and rigor by some of the most astute theological and philosophical minds of the day Including an interview by Gary Habermas with noted

convert to theism Antony Flew and a direct critical response to Richard Dawkins's *God Delusion* by Alvin Plantinga *God Is Great God Is Good* offers convincing and compelling reassurance that though the world has changed God has not

Belief-In-God Allen Filson,2018-10-22 This is not a book judging you or trying to get you to believe what I believe This is an open honest discussion on what it means to have a Belief In God what it does to you how that may change your view of the world and how things like hope faith and what it means to truly forgive someone who has wronged you ultimately changes you Unlike other books on God I do not want you to take my word for it a Belief In God I mean I do not want you to see the world as I do I would like to show you what I uncovered though I did not believe I was not looking to find God I was fine on my own or so I thought What I discovered in my search was that God was real his son Jesus was real and there is a ton of evidence to back that up I would love for you to take a walk with me in this book and hear what I uncovered and what it means to ultimately have a Belief In God God created me for a purpose and I believe part of that purpose was to write this book I hope you enjoy Belief In God

[Belief in God in an Age of Science](#) John Polkinghorne,2003-02-08 Polkinghorne brings unique qualifications to his exploration of the possibilities of believing in God in an age of science In this thought provoking book he focuses on the collegiality between science and theology contending that the inquiries of these intellectual cousins are parallel

[Belief in God](#) Charles Gore,1969

The Problem with Believing God Gregory Brad Cutler,2011-02-11
LOGIC REFUTES HIM MATH CANNOT CALCULATE HIM HISTORY CANNOT ADEQUATELY TRACK HIM LANGUAGE DOES NOT ACCURATELY DEFINE HIM ART DOES NOT COMPLETELY DEPICT HIM SCIENCE CANNOT EXPLAIN HIM The Problem With Believing God will help you during those times when you do not know what to believe how to believe and even wrestle with whether you should bother to believe at all Believing is still the prescriptive solution for receiving the blessings and the promises of God Believing is our only avenue back to a redemptive relationship with God Only those who dare to believe God will ever learn to please God for without faith it is impossible to please God Hebrews 11 6

Beyond Belief Richard Holloway,1981

[Faith and Rationality](#) Nicholas Wolterstorff,1986

Belief in God, Its Origin, Nature, and Basis Jacob Gould Schurman,1890

[Knowledge, Belief, and God](#) Matthew A. Benton,John Hawthorne,Dani Rabinowitz,2018-02-13 Recent decades have seen a fertile period of theorizing within mainstream epistemology which has had a dramatic impact on how epistemology is done Investigations into contextualist and pragmatic dimensions of knowledge suggest radically new ways of meeting skeptical challenges and of understanding the relation between the epistemological and practical environment New insights from social epistemology and formal epistemology about defeat testimony a priority probability and the nature of evidence all have a potentially revolutionary effect on how we understand our epistemological place in the world Religion is the place where such rethinking can potentially have its deepest impact and importance Yet there has been surprisingly little infiltration of these new ideas into philosophy of religion and the epistemology of religious belief Knowledge Belief and God incorporates these myriad new developments in mainstream epistemology and extends

these developments to questions and arguments in religious epistemology The investigations proposed in this volume offer substantial new life breadth and sophistication to issues in the philosophy of religion and analytic theology They pose original questions and shed new light on long standing issues in religious epistemology and these developments will in turn generate contributions to epistemology itself since religious belief provides a vital testing ground for recent epistemological ideas

Reason and Religion Herman Philipse, 2022-04-28 Combines philosophical investigations concerning the truth of religious convictions with empirical research on the origins and functions of religious beliefs This book focuses on two core questions 1 How probable is it that any particular god exists 2 How should we account for the occurrence of religious beliefs in human societies

Questions of Truth John Polkinghorne, Nicholas Beale, 2009-01-19 How did the universe begin Can God's existence be proven Do humans matter more than animals For many years people have sent the scientist turned priest John Polkinghorne these and other questions about science and belief In question and answer format Polkinghorne and his collaborator Nicholas Beale offer their highly informed opinions about some of the most frequently asked of these questions Readers can follow their own paths through the book selecting questions that interest them and looking at the additional material if they choose This unique book will help Christians clarify their beliefs regarding difficult issues and better face challenges from within and from others to their faith

Belief In God Introduction

In the digital age, access to information has become easier than ever before. The ability to download Belief In God has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Belief In God has opened up a world of possibilities. Downloading Belief In God provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Belief In God has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Belief In God. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Belief In God. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Belief In God, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Belief In God has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Belief In God Books

1. Where can I buy Belief In God books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Belief In God book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Belief In God books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are Belief In God audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read Belief In God books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
