The Book of Sirach in the Armenian Biblical Tradition Garegin Hambarzumyan,2015-12-14 The extreme complexity of Sirach s text at times makes it almost impossible to come to one clear conclusion as regards certain issues There are numerous differences between various translations of this deuterocanonical text In addition the Armenian translation being a textual witness to not one but multiple parent texts has its own complications This research provides a sustained theological reading of the Armenian text of Sirach on the basis of Yakob Nalean s commentary written in the 18th century At the same time it places a great emphasis on the textual evaluation of the various versions of Sirach in Armenian In this respect an attempt has been made to display the unique features of the Armenian Sirach within the wider scope of the scholarship of this biblical text Through a comprehensive linguistic and theological analysis of some major parts of Sirach in Armenian this study assesses the extent to which this book was in use amongst Armenians throughout the centuries In particular the numerous references to Sirach in both Armenian and non Armenian patristic literature are examined with the aim of dating the first translations into Armenian and tracing the development of the text in the Armenian medieval schools

Early Christian Literature and Intertextuality Craig A. Evans,H. Daniel Zacharias,2009-04-09 Scholarly interest in intertextuality remains as keen as ever Armed with new questions interpreters seek to understand better the function of older scripture in later scripture The essays assembled in the present collection address these questions These essays treat pre Christian texts as well as Christian texts that make use of older sacred tradition They analyze the respective uses of scripture in diverse Jewish and Christian traditions Some of these studies are concerned with discreet bodies of writings such as the Dead Sea Scrolls while others are concerned with versions of scriptures such as the Hebrew or Old Greek and text critical issues Other studies are concerned with how scripture is interpreted as part of apocalyptic and eschatology Early Christian Literature and Intertextuality includes essays that explore the use of Old Testament scripture in the Gospels and Acts Other studies examine the apostle Paul s interpretation of scripture in his letters while other studies look at non Pauline writings and their utilization of scripture Some of the studies in this collection show how older scripture clarifies important points of teaching or resolves social conflict Law conversion anthropology paradise and Messianism are among the themes treated in these studies themes rooted in important ways in older sacred tradition The collection concludes with studies on two important Christian interpreters Syriac speaking Aphrahat in the east and Latin speaking Augustine in the west Part of the LNTS sub series Studies in Scripture in Early

Judaism and Christianity SSEJC volume 14 **The Wisdom of Ben Sira** Angelo Passaro, Giuseppe Bellia, 2008 The Book of Sirach raises many questions philological exegetical literary historical theological There were even confessional questions which divided the traditions of synagogues and churches It is therefore a fascinating book located on the edges of the canon Does the book attempt to repair the harm done by the erosive criticism of Job and Qoheleth or is it the work of a thoughtful interpreter who in a time of change seeks to bear the tradition towards the new situation emerging from the Hellenistic Diaspora Is it a book which aims at the restoration of the true faith against the autonomous questing of human wisdom or is it merely a sincere if shrewd experiment at dialogue between the legitimate reasoning of the world and the wisdom given in the Law According to a well tried methodology of juxtaposing the specialists of different schools this volume presents an up to date consideration of historical exegetical and theological research **Were the Jews a Mediterranean Society?** Seth Schwartz, 2012-06-24 How well integrated were Jews in the Mediterranean society controlled by ancient Rome The Torah's laws seem to constitute a rejection of the reciprocity based social dependency and emphasis on honor that were customary in the ancient Mediterranean world But were Jews really a people apart and outside of this broadly shared culture Were the Jews a Mediterranean Society argues that Jewish social relations in antiquity were animated by a core tension between biblical solidarity and exchange based social values such as patronage vassalage formal friendship and debt slavery Seth Schwartz's examinations of the Wisdom of Ben Sira the writings of Josephus and the Palestinian Talmud reveal that Jews were more deeply implicated in Roman and Mediterranean bonds of reciprocity and honor than is commonly assumed Schwartz demonstrates how Ben Sira juxtaposes exhortations to biblical piety with hard headed and seemingly contradictory advice about coping with the dangers of social relations with non Jews how Josephus describes Jews as essentially countercultural yet how the Talmudic rabbis assume Jews have completely internalized Roman norms at the same time as the rabbis seek to arouse resistance to those norms even if it is only symbolic Were the Jews a Mediterranean Society is the first comprehensive exploration of Jewish social integration in the Roman world one that poses challenging new questions about the very nature of Mediterranean culture [Reader's Guide to Judaism](#) Michael Terry, 2013-12-02 The Reader's Guide to Judaism is a survey of English language translations of the most important primary texts in the Jewish tradition The field is assessed in some 470 essays discussing individuals Martin Buber Gluckel of Hameln literature Genesis Ladino Literature thought and beliefs Holiness Bioethics practice Dietary Laws Passover history Venice Baghdadi Jews of India and arts and material culture Synagogue Architecture Costume The emphasis is on Judaism rather than on Jewish studies more broadly

Ben Sira's Teaching on Friendship Jeremy Corley, 2002 The apocryphal deuterocanonical Wisdom of Ben Sira written towards the beginning of the second century BCE speaks more about friendship than any other book of the Hebrew Bible Revising his 1996 doctoral dissertation for the Catholic University of America Corley describes the seven major pericopes in which the sage probably Yeshua ben Eleazar ben Sira treats friendship He also places the treatise in the historical and
