Benedetto Croce's Poetry and Literature Benedetto Croce, 1981 Benedetto Croce's influence pervades Anglo Saxon culture but ironically before Giovanni Gullace heeded the call of his colleagues and provided this urgently needed translation of *La Poesia* speakers of English had no access to Croce's major work and final rendering of his esthetic theory *Aesthetic* published in 1902 and translated in 1909 represents most of what the English speaking world knows about Croce's theory It is asserts Gullace no more than a first sketch of a thought that developed clarified and corrected itself through new literary experience and more mature reflection During the 34 years between *Aesthetic* and *La Poesia* 1936 for example Croce added a striking new element to his thought the analysis of prose literature Gullace's introduction to *La Poesia* constitutes a major undertaking in its own right It is aimed at acquainting the reader with the evolution of Croce's thought and at explaining the relationship between this final work and the philosopher's previous work in esthetic theory and literary criticism *La Poesia* is divided into two parts text and postscripts The text consists of four chapters Poetry and Literature The Life of Poetry Criticism and History of Poetry and The Formation of the Poet and the Precepts Croce saw the postscripts as a relaxed conversation after the tension of theoretical exposition In Gullace's translation the text and relevant postscripts appear conveniently side by side in a double column Gullace has annotated both text and postscripts
