

**Benign or Imperial?:
Reflections on
American Hegemony
(Boyer Lectures)**

Harries, Owen

Note: This is not the actual book cover

Benign Or Imperial

Ruth Buchanan,Peer Zumbansen

Benign Or Imperial:

Jefferson's Empire Peter S. Onuf, 2000 Thomas Jefferson believed that the American revolution was a transformative moment in the history of political civilization. He hoped that his own efforts as a founding statesman and theorist would help construct a progressive and enlightened order for the new American nation that would be a model and inspiration for the world. Peter S. Onuf's new book traces Jefferson's vision of the American future to its roots in his idealized notions of nationhood and empire. Onuf's unsettling recognition that Jefferson's famed egalitarianism was elaborated in an imperial context yields strikingly original interpretations of our national identity and our ideas of race, westward expansion, and the Civil War, and of American global dominance in the twentieth century. Jefferson's vision of an American empire for liberty was modeled on a British prototype. But as a consensual union of self-governing republics without a metropolis, Jefferson's American empire would be free of exploitation by a corrupt imperial ruling class. It would avoid the cycle of war and destruction that had characterized the European balance of power. The Civil War cast in high relief the tragic limitations of Jefferson's political vision. After the Union victory, as the reconstructed nation state developed into a world power, dreams of the United States as an ever-expanding empire of peacefully coexisting states quickly faded from memory. Yet even as the antebellum federal union disintegrated, a Jeffersonian nationalism proudly conscious of America's historic revolution against imperial domination grew up in its place. In Onuf's view, Jefferson's quest to define a new American identity also shaped his ambivalent conceptions of slavery and Native American rights. His revolutionary fervor led him to see Indians as merciless savages who ravaged the frontiers at the British king's direction, but when those frontiers were pacified, a more benevolent Jefferson encouraged these same Indians to embrace republican values. African American slaves, by contrast, constituted an unassimilable captive nation unjustly wrenched from its African homeland. His great panacea, colonization, Jefferson's ideas about race reveal the limitations of his conception of American nationhood. Yet as Onuf strikingly documents, Jefferson's vision of a republican empire, a regime of peace, prosperity, and union without coercion, continues to define and expand the boundaries of American national identity.

Empires of the Imagination Holger Hoock, 2010-07-09 Between the mid 18th and mid 19th centuries, Britain evolved from a substantial international power yet relative artistic backwater into a global superpower and a leading cultural force in Europe. In this original and wide-ranging book, Hoock illuminates the manifold ways in which the culture of power and the power of culture were interwoven in this period of dramatic change. Britons invested artistic and imaginative effort to come to terms with the loss of the American colonies, to sustain the generation-long fight against Revolutionary and Napoleonic France, and to assert and legitimate their growing empire in India. Demonstrating how Britain fought international culture wars over prize antiquities from the Mediterranean and Near East, the book explores how Britons appropriated ancient cultures from the Mediterranean, the Near East, and India, and casts a fresh eye on iconic objects such as the Rosetta Stone and the Parthenon Marbles.

America on the Brink David Ray

Griffin,2023-05-01 The American government through its media has convinced most Americans to support the Ukrainian government This books shows why this is a mistake The United States promised Mikhail Gorbachev that NATO would not expand one inch eastward and there had been ample warnings by George Kennan and others that moving NATO eastward especially moving into Georgia and Ukraine would cause problems for Russia In Ukraine prior to 2014 Ukrainian and Russian speakers were coexisting tolerably well But in 2013 and 2014 neocons in Obama s administration engineered a coup with help from neo Nazis turning Ukraine into a Russia hating nation The war in Ukraine began that year not in 2022 when Russia attacked in order to protect the Russian speaking regions under attack by the new coup government in Kiev Although this book is primarily about the war in Ukraine it also shows how in one sense the war in Ukraine is simply one more instance in the trajectory of American imperialism as illustrated by previous US interventions in Iran Guatemala Cuba Brazil Greece Dominican Republic Panama and Iraq In another sense this war reveals just how committed America is to maintaining a unipolar world order Because this war illustrates that America is willing to threaten nuclear holocaust it is almost as if people in the U S State Department and military believe that life is not worth living unless the US can control the world **Beyond Paradise and Power** Tod Lindberg,2005 A collection of essays on the transatlantic relationship *Making the Progressive Case* David Coates,2011-06-16 The book presents the conservative and liberal arguments related to the current economic issues faced by the Obama administration including market regulation and green economy Law in Transition Ruth Buchanan,Peer Zumbansen,2014-12-01 The book includes essays by many of the leading experts writing at the intersection of development rights and transitional justice studies *The Homoeopathic World* ,1888 **Jewish History and Jewish Memory** Yosef Hayim Yerushalmi,1998 Publication of Yosef Yerushalmi s Zakhor in 1982 inspired a generation of scholarly inquiry into historical images and myths the construction of the Jewish past and the making and meaning of collective memory Here eminent scholars in their respective fields extend the lines of his seminal study into topics that range from medieval rabbinics homiletics kabbalah and Hasidism to antisemitism Zionism and the making of modern Jewish identity Essays are clustered around four central themes historical consciousness and the construction of memory the relationship between time and history in Jewish thought the demise of traditional forms of collective memory and the writing of Jewish history in modern times **Japan** ,1928 *European Economic and Political Survey* ,1927 The Homœopathic World ,1888 **The American Empire and the Commonwealth of God** David Ray Griffin,2006-05-17 In this book four distinguished scholars level a powerful critique of the rapid expansion of the emerging American empire and its oppressive and destructive political military and economic policies Arguing that a global Pax Americana is internationally disastrous the authors demonstrate how America s imperialism inevitably leads to rampant irreversible ecological devastation expanding military force for imperialistic purposes and a grossly inequitable distribution of goods all leading to the diminished well being of human communities *The Japan Year Book* Takenobu Yoshitarō,1887 Includes the sections who s who in japan

business directory etc **The Immortal Irishman** Timothy Egan,2016-03-01 In the New York Times bestseller The Immortal Irishman Pulitzer Prize winning author Timothy Egan illuminates the dawn of the great Irish American story with all its twists and triumphs through the life of one heroic man A dashing young orator during the Great Hunger of the 1840s Thomas Francis Meagher led a failed uprising against British rule for which he was banished to a Tasmanian prison colony for life But two years later he was back from the dead and in New York instantly the most famous Irishman in America Meagher s rebirth included his leading the newly formed Irish Brigade in many of the fiercest battles of the Civil War Afterward he tried to build a new Ireland in the wild west of Montana a quixotic adventure that ended in the great mystery of his disappearance which Egan resolves convincingly at last This is marvelous stuff Thomas F Meagher strides onto Egan s beautifully wrought pages just as he lived powerfully larger than life A fascinating account of an extraordinary life Daniel James Brown 1 New York Times bestselling author of Facing the Mountain The Journal of Laryngology and Rhinology ,1887 **Time** Briton Hadden, Henry Robinson Luce,1927 Reels for 1973 include Time index 1973 *Studies in History, Economics and Public Law* ,1911 *A Survey of Constitutional Development in China* Hawking Lugine Yen,1911
 Insurance ,1889 *The Weekly Japan Digest* ,1995
