Benjamin Franklin Creating A Nation Americas Founding Fathers:

Benjamin Franklin Karen Clemens Warrick,2004 Benjamin Franklin s spirit survives today in the lasting form of government that he and the other founding fathers shaped more than two hundred years ago He devoted his life to improving the colony of Pennsylvania that he lived in and then to the newly independent United States Without his help persuading the French to form an alliance with the colonists the American Revolution might have taken a much darker twist His diplomatic personality also helped settle many disputes during the creation of the United States In Benjamin Franklin Creating a Nation Karen Clemens Warrick explores the story of Benjamin Franklin who helped shape the destiny of the United States at a time of turmoil and uncertainty Source documents and fact boxes help accent this biography A timeline maps and a places to visit section make this book essential for history lovers and beginners alike Book jacket [America's Presidents](#) Jason Stahl,2020-09-22 In 2020 as we set our sights on another election this book takes a look at all of the presidents of the United States ranked from best to worst the results may surprise you and their legacies achievements and what we learned from their leadership The book spans from 1789 when George Washington spoiler alert he s in the Best Presidents category took the first ever oath of office Forty four different men have sworn to faithfully execute the Office of President of the United States and what makes a great leader has been vision conviction and setting the nation on the right course The Revolutionary War showed us we needed commanders who were going to fight for our freedom The Civil War showed we needed leaders who were going to unite this nation We looked to the President during hard times like the Great Depression who were going to pick us up dust us off and with a steady hand guide us to more promising times which Franklin Delano Roosevelt did over his unprecedented four terms Over the next many many decades and many wars and battles later the President of the United States has shown they are the most powerful person on this planet But they are also vulnerable They ve been targets of assassination attempts and some sadly have been successful Their transgressions have lead to scandals and impeachments Presidents have been accused of abusing power and the advent of social media has ushered in a new form of communicating to constituents and young voters In an election year when interest in Presidents is strong join Centennial Books as we look to the nation s shared history to see what we can learn for today and the future *School Library Journal* ,2005 **The Social History of the American Family** Marilyn J. Cherian,2023-02-23 Democracy in the world is backsliding in many countries around the globe at the present time due to various reasons Different nations may have their own particular reasons such as socioeconomic inequality poverty failure of checks and balances that may result in an abrupt military coup d etat to change from democracy to tyranny In nations where democracy failed there were no tanks on the street Constitution of the land remained but elected leaders became autocrats maintaining a veneer of democracy America being a nation with nearly 80 percent of Christians has been the strongest democracy in the world who championed it as the model for the rest of the world However democracy in America appears to be in peril because of political bickering partisan gridlock and promulgation of falsities misinformation and faux faith by one political party By introducing the foundational principles of democracy from the philosophical arguments of Socrates Plato and Aristotle the author shows how and why the cornerstone of democracy in America shows signs of crumbling The book vividly explains Politics without God will shatter the foundation of democracy Present political system rejects the checks and balances laid by the founding fathers The right wing has cultivated a spirit of untruth that spreads like a wildfire Rejecting truth by political parties and leadership is a sign of strong delusion There is a clear moral bankruptcy in the present political sphere of our nation The brightness of democracy in America which Tocqueville praised has been tarnished Hypocritic and dishonest leaders should not reign lest the people be ensnared American politicians must register their solemn oath in heaven to act in truth No nation can be established in one day but can shatter in one day by a despot America must realign with God to lead the nation in truth justice and freedom for all Democracy turns to tyranny when a moral man becomes amoral With biblical prophecies and instructions the author shows that America faces a real threat to its democracy unless it

resists tyrants with all their mind soul and strength which is obedience to God who can anchor the nation on its solid foundation set by the Founding Fathers Every citizen political and judicial leaders of the nation are the cupbearers and the watchmen of the nation Alexander Hamilton Zachary Kent,2004 Alexander Hamilton certainly earned his place as a member of the founding fathers During the Revolutionary War he was an army officer After the war he attended the Constitutional Convention He was proud to be one of the signers of that document To persuade other Americans of the importance of the Constitution he organized the writing of The Federalist Hamilton s influence was critical in getting the Constitution accepted In this book author Zachary Kent explains just how important Alexander Hamilton was to the United States President George Washington chose Hamilton to be the first Secretary of the Treasury His policies helped start the United States along the road to economic success Alexander Hamilton s impact has been so great we still honor him today No one could ever have guessed that a boy who started his life so humbly could rise to such heights of greatness Book jacket

Our Godly Heritage Rick Saccone,2019-08-19 Contrary to what we ve been told recently our history is by no means secular It is rich with the influence of God s hand and God s word His presence is apparent in the documents of our government on the memorials we cherish most in our government buildings in our art and in the words and writings of our greatest leaders In a time when our culture is spiraling downward into a moral abyss we have lost touch with God We have fashioned a moral vacuum into which all manner of depravity is allowed to rush in while any trace of virtue God or the Holy Scriptures is consciously sucked out There has never been greater need than today for our people to hear the truth of our godly heritage There has never been a greater need than today for our people to hear that truth reaffirmed by their leaders
