**Holly G Prigerson, Colin Murray Parkes**

## **Bereavement Studies Of Grief In Adult Life:**

**Bereavement** Colin Murray Parkes, Holly G. Prigerson, 2013-12-16 The loss of a loved one is one of the most painful experiences that most of us will ever have to face in our lives This book recognises that there is no single solution to the problems of bereavement but that an understanding of grief can help the bereaved to realise that they are not alone in their experience Long recognised as the most authoritative work of its kind this new edition has been revised and extended to take into account recent research findings on both sides of the Atlantic Parkes and Prigerson include additional information about the different circumstances of bereavement including traumatic losses disasters and complicated grief as well as providing details on how social religious and cultural influences determine how we grieve Bereavement provides guidance on preparing for the loss of a loved one and coping after they have gone It also discusses how to identify the minority in whom bereavement may lead to impairment of physical and or mental health and how to ensure they get the help they need This classic text will continue to be of value to the bereaved themselves as well as the professionals and friends who seek to help and understand them

**Bereavement** Colin Murray Parkes, 1998 Long recognised as the most authoritative work of its kind Colin Murray Parkes classic text is brought up to date in this new edition The author re examines his findings in the light of the latest research and develops new theories on bereavement

*Bereavement 4/ed* Holly G Prigerson, Colin Murray Parkes, 2010-11-23 The loss of a loved one is one of the most painful experiences that most of us will ever have to face in our lives This book recognises that there is no single solution to the problems of bereavement but that an understanding of grief can help the bereaved to realise that they are not alone in their experience This new edition has been revised and extended to take into account recent research findings on both sides of the Atlantic Parkes and Prigerson include additional information about the different circumstances of bereavement including traumatic loss disasters and complicated grief as well as providing details on how social religious and cultural influences determine how we grieve Bereavement provides guidance on preparing for the loss of a loved one and coping after they ve gone It also discusses how to identify the minority in whom bereavement may lead to impairment of physical and or mental health and how to ensure they get the help they need This classic text will continue to be of value to the bereaved themselves as well as the professionals and friends who seek to help and understand them

*The Concise Corsini Encyclopedia of Psychology and Behavioral Science* W. Edward Craighead, Charles B. Nemeroff, 2004-04-19 Edited by high caliber experts and contributed to by quality researchers and practitioners in psychology and related fields Includes over 500 topical entries Each entry features suggested readings and extensive cross referencing Accessible to students and general readers Edited by two outstanding scholars and clinicians

Grief, Loss and Bereavement Peter Wimpenny, John Costello, 2013-03 Bereavement is a challenging area for everyone including health and social care practitioners who are often well placed to offer support to the bereaved This invaluable text draws together a comprehensive evidence base for supporting grieving people from research and applies it to a health and

social care context     EMDR Therapy Treatment for Grief and Mourning Roger M. Solomon,2024 Roger M Solomon examines how EMDR Eye Movement Desensitization and Reprocessing therapy can help process the trauma of loss and the obstacles that interfere with the grief and mourning process highlighting how EMDR can help a mourner experience a positive sense of connection through heartfelt meaningful memories     Understanding Grief Richard Gross,2015-10-05 Understanding Grief is a comprehensive and accessible one stop introduction to all the major models of grief In addition to the individual perspective bereavement is discussed in relation to social cultural and religious factors and influences Richard Gross also examines the impact of different types of bereavement such as the death of a child parent spouse partner and sibling and discusses the impact of traumatic death in relation to complicated grief The text also covers pet loss death anxiety and post traumatic growth This innovative book combines personal accounts of grief with clinical accounts of patients provided by psychiatrists and psychologists and research involving large numbers of bereaved individuals Understanding Grief will be invaluable to all those working with bereaved clients including bereavement counsellors counselling and clinical psychologists healthcare professionals social workers and the interested layperson It is also suitable for people training to work with bereaved individuals     **Love and Loss** Colin Murray Parkes,2013-05-13 Loving and grieving are two sides of the same coin we cannot have one without risking the other Only by understanding the nature and pattern of loving can we begin to understand the problems of grieving Conversely the loss of a loved person can teach us much about the nature of love Love and Loss the result of a lifetime s work has important implications for the study of attachment and bereavement In this volume Colin Murray Parkes reports his innovative research that enables us to bring together knowledge of childhood attachments and problems of bereavement resulting in a new way of thinking about love bereavement and other losses Areas covered include patterns of attachment and grief loss of a parent child or spouse in adult life social isolation and support The book concludes by looking at disorders of attachment and considering bereavement in terms of its implications on love loss and change in a wider context Illuminating the structure and focus of thinking about love and loss this book sheds light on a wide range of psychological issues It will be essential reading for professionals working with bereavement as well as graduate students of psychology psychiatry and sociology     Bereavement; Studies of Grief in Adult Life Colin Murray Parkes,1972     Essentials of Clinical Social Work Jerrold R. Brandell,2014-01-07 This brief version of Jerrold R Brandell s Theory Practice of Clinical Social Work assembles coverage of the most vital topics for courses in Clinical Social Work Advanced Practice Written by established contributors in the field this anthology addresses frameworks for treatment therapeutic modalities specialized clinical issues and themes and dilemmas encountered in clinical social work practice Now available in paperback and roughly half the size of the full length version Essentials of Clinical Social Work comes at a reduced cost for students who need to learn the basics of the course     **Grief and Bereavement in Contemporary Society: Psychodynamics** ,1988     Cambridge Handbook of Psychology, Health and Medicine Susan Ayers,Andrew

Baum, Chris McManus, Stanton Newman, Kenneth Wallston, John Weinman, Robert West, 2007-08-23 Health psychology is a rapidly expanding discipline at the interface of psychology and clinical medicine This new edition is fully reworked and revised offering an entirely up to date comprehensive accessible one stop resource for clinical psychologists mental health professionals and specialists in health related matters There are two new editors Susan Ayers from the University of Sussex and Kenneth Wallston from Vanderbilt University Medical Center The prestigious editorial team and their international interdisciplinary cast of authors have reconceptualised their much acclaimed handbook The book is now in two parts part I covers psychological aspects of health and illness assessments interventions and healthcare practice Part II covers medical matters listed in alphabetical order Among the many new topics added are diet and health ethnicity and health clinical interviewing mood assessment communicating risk medical interviewing diagnostic procedures organ donation IVF MMR HRT sleep disorders skin disorders depression and anxiety disorders

**Grief and Bereavement in Contemporary Society: Support systems**, 1988 **Grief, Mourning, and Death Ritual** Jennifer Lorna Hockey, Jeanne Katz, Neil Small, 2001 It does this by combining substantial reviews with shorter illustrative examples of grief mourning and death ritual as they are manifest in specific settings and with defined groups These illustrative examples include personal and institutional responses to death at different points in the life cycle and responses to different sorts of death the death of children and death in disasters for example

**Oxford Textbook of Palliative Medicine** Geoffrey W. C. Hanks, 2011-07-21 Emphasising the multi disciplinary nature of palliative care the fourth edition of this text also looks at the individual professional roles that contribute to the best quality palliative care

**Readings in Thanatology** John D. Morgan, 1997 A comprehensive book of readings for courses on death and dying at the college or university level It contains material by such leaders in the field as Colin Murray Parkes MD John Hinton MD Kenneth Doka PhD Ira R Byock MD Ronald K Barrett PhD Robert G Stevenson EdD Judith M Stillion PhD

**People v. Hana; People v. Gallina; People v. Rode, 447 MICH 325 (1994)**, 1994 94877 94878 *Death, Mourning and Caring* Robert L. Marrone, 1997 This text while strongly academic comprehensive practical and contemporary offers an exceptionally warm and personalized writing style appropriate to the subject matter It offers both a multi disciplinary approach and a cross cultural perspective Unique Caring Insight feature supplies practical helpful tips for the reader Chapter 12 Resources is a comprehensive guide to organizations periodicals books and Web sites

**Death and Bereavement** Dewi Rees, 1997-01-17 The central theme of this innovative book is the significance that people ascribe to death both within and beyond their religious beliefs and why this should be so The book provides an in depth account of the psychology of death and bereavement and in doing so places these subjects within the contexts of the major world religions and their associated mourning and funeral customs It also includes certain aspects of death such as death bed visions near death experiences and the commonly experienced sense of the presence of the deceased which are not normally included in books dealing with the psychology of death and bereavement

*Family*

*Focused Grief Therapy* David William Kissane, Sidney Bloch, 2002-04 To those of us who have been aware of the innovative service to families facing death and bereavement that has been developed by David W Kissane and Sidney Bloch this book has been eagerly awaited Their work is a logical development in the field of Palliative Care in which it has long been recognized that when life is threatened it is the family which includes the patient which is or ought to be the unit of care The work also has great relevance for the wider field of bereavement care all who work to help families at times of death and bereavement will find much to learn from this book which represents a useful addition to our understanding of the losses which sooner or later we all have to face Colin Murray Parkes Family members are often intimately involved in the care of dying people and themselves require support through both their experience of palliative care and bereavement This innovative book describes a comprehensive model of family care and how to go about it Family Focused Grief Therapy is an approach which is new preventive cost effective and with proven benefits to bereaved people It describes a highly original and creative approach to bereavement care one likely to revolutionize psychosocial care in oncology hospice or palliative care and grief work The book has been designed rather like a therapy manual providing a step by step approach to assessment and intervention Its rich illustration through many clinical examples brings the process of therapy alive for the reader anticipating the common challenges that arise and describing how the therapist might respond Families are recognised throughout as the central social unit pivotal to the success of palliative care Family Focused Grief Therapy will be of use to doctors nurses psychologists social workers pastoral care workers psychiatrists and other allied health professionals who work in caring for the dying and for their bereaved relatives Based soundly on a decade of internationally regarded research this book will alter the direction of future medical practice and is destined to become a classic in its field
