Les Streater

Berengaria Cunards Happy Ship:

Berengaria Les Streater,2001 At the turn of the twentieth century a race was on between the European shipping companies to build the largest liners in the world From Cunard had come the Mauretania and Lusitania from White Star the Olympic Titanic and Britannic and from the Hamburg Amerika line came Albert Ballin s trio of liners Emperor Vaterland and Bismark The first of these three Hamburg Amerika liners was when launched the largest ship in the world capable of carrying 5 000 passengers in varying qualities of accommodation from emigrants in steerage to millionaires in her suites Emperor had a short useful life of only one year before war started in 1914 Docked for the duration she was at the end of the war passed to the British Government and sold to Cunard as a replacement for the ill fated Lusitania Recommissioned and overhauled she became the flagship of Cunard and was renamed Berengaria after Richard the Lionheart s wife She joined her new consorts Aquitania and Mauretania on the Atlantic shuttle service and was a common sight on the Atlantic for the next seventeen years Sent for scrapping in 1938 she was broken up to the keel by 1939 and the hull was scrapped after the Second World War

Steamship Nationalism Mark A. Russell,2020-04-15 Steamship Nationalism is a cultural social and political history of the S S Emperor Vaterland and Bismarck Transatlantic passenger steamships launched by the Hamburg Amerikanische Packetfahrt Aktien Gesellschaft HAPAG between 1912 and 1914 they do not enjoy the international fame of their British counterparts most notably the Titanic Yet the Emperor class liners were the largest most luxurious passenger vessels built before the First World War In keeping with the often overlooked history of its merchant marine as a whole they reveal much about Imperial Germany in its national and international dimensions As products of business decisions shaped by global dynamics and the imperatives of international travel immigration and trade HAPAG s giant liners bear witness to Germany s involvement in the processes of globalization prior to 1914 Yet this book focuses not on their physical but on their cultural construction in a variety of contemporaneous media including the press and advertising on both sides of the Atlantic At home they were presented to the public as symbolic of the nation s achievements and ambitions in ways that emphasize the complex nature of German national identity at the time Abroad they were often construed as floating national monuments and as such facilitated important encounters with Germany both virtual and real for the populations of Britain and America Their overseas reception highlights the multi faceted image of the European superpower that was constructed in the Anglo American world in these years More generally it is a pointed indicator of the complex relationship between Britain the United States and Imperial Germany

Engines of Empire Douglas R. Burgess Jr.,2016-05-04 In 1859 the S S Great Eastern departed from England on her maiden voyage She was a remarkable wonder of the nineteenth century an iron city longer than Trafalgar Square taller than Big Ben s tower heavier than Westminster Cathedral Her paddles were the size of Ferris wheels her decks could hold four thousand passengers bound for America or ten thousand troops bound for the Raj Yet she

ended her days as a floating carnival before being unceremoniously dismantled in 1889 Steamships like the Great Eastern occupied a singular place in the Victorian mind Crossing oceans ferrying tourists and troops alike they became emblems of nationalism modernity and humankind s triumph over the cruel elements Throughout the nineteenth century the spectacle of a ship s launch was one of the most recognizable symbols of British social and technological progress Yet this celebration of the power of the empire masked overconfidence and an almost religious veneration of technology Equating steam with civilization had catastrophic consequences for subjugated peoples around the world Engines of Empire tells the story of the complex relationship between Victorians and their wondrous steamships following famous travelers like Mark Twain Charles Dickens and Jules Verne as well as ordinary spectators tourists and imperial administrators as they crossed oceans bound for the colonies Rich with anecdotes and wry humor it is a fascinating glimpse into a world where an empire felt powerful and anything seemed possible if there was an engine behind it **Steamboat Bill** ,2007 [Ships Monthly](#) ,2003 **Sea Breezes** ,2002 *L'Atlantique* Les Streater,2005 Always an unlucky company Compagnie de Navigation Sud Atlantique were often at the forefront of ship design and passenger amenities but were never able to profit from their decisions In 1928 the directors took the bold step of ordering the largest most luxurious liner yet seen on the Europe South America service L Atlantique A successful maiden voyage in September 1931 was followed by a further nine uneventful crossings Then tragedy struck again in January 1933 while on her way to the Le Havre for an overhaul L Atlantique caught fire in the English Channel Adrift and abandoned she was gutted by fire but stayed afloat and was subsequently towed to Cherbourg After several years of acrimonious litigation with the insurers L Atlantique was finally scrapped in February 1936 **Captain of the Carpathia** Eric L. Clements,2016-02-11 Responding to Titanic s distress calls in the early hours of 15 April 1912 Captain Arthur Rostron raced the Cunard liner Carpathia to the scene of the sinking rescued the seven hundred survivors of the world s most famous shipwreck and then carried them to safety at New York After twenty five years at sea the competence and compassion Rostron displayed during the rescue made him a hero on two continents and presaged his subsequent achievements During the First World War he participated in the invasion of Gallipoli and commanded Cunard s Mauretania as a hospital ship in the Mediterranean and a troop transport in the Atlantic As her longest serving master he commanded that legendary vessel in transatlantic passenger service through most of the 1920s Rostron retired in 1931 as the most esteemed master mariner of his era celebrated for the Titanic rescue decorated for his war service and knighted for his contributions to British seafaring This account uses newspaper reports company records government documents contemporary publications and memoirs to recount Rostron s seafaring life from his first voyage as an apprentice rounding Cape Horn in sail to his retirement forty four years later as commodore of the Cunard Line Set within the context of his times and featuring particulars of the ships in which he served and commanded this is the first comprehensive biography of Arthur Rostron before during and after his year as captain of the Carpathia **Vanity Fair** ,1924 *Mike: 1897-1948* Lester B.

Pearson,1972 The third and last volume if the Pearson memoirs deals with the period that has become known in Canada as The Tenth Decade Beginning with one of the most dramatic episodes in Canadian parliamentary history the 1956 pipeline debate it carries the reader through a fascinating first person account of events and personalities that have played a vital role in the shaping of our nation as it exists today The story of that stormy Tenth Decade follows on the year of Pearson s great success as a Canadian diplomat and foreign minister and concludes with the passing of the mantle of leadership to Pierre Elliott Trudeau The narrative carries us through the 1957 election Louis St Laurent s decision to retire from politics the 1958 national Liberal leadership convention to the election of 1958 and the events surrounding it Then came the rebuilding of the Liberal party in its opposition years the near victory of the 1962 election and the extraordinary drama surrounding the defeat of the Diefenbaker government in February 1963 The success of the 1963 election and the less than successful Sixty Days of Decision are both described We learn on one hand of the problems that beset the nation under Mr Pearson s administration most particularly those concerning Canada US relations and the mid sixties allegations of domestic political scandals and on the other hand of the achievements of Mr Pearson s government including the creation of the new Canadian flag and the resolution of the seemingly impossible problems left in the wake of Quebec s Quiet Revolution We can read Mr Pearson s side of the relationship with Walter Gordon Commonwealth relations and the position of the Queen in Canada are frankly dealt with The narrative draws to an end with a discussion of the succession to Mr Pearson as leader of the Liberal party and Prime Minister of Canada and the emergence of Pierre Elliott Trudeau as a national figure Publisher

The Cunarder ,1926 *Sometimes I'm Happy* Marshall Sprague,1995 Marshall Sprague s colorful lifetime spanned the century like a mountain rainbow Somewhere between the time he learned the true function of the umbrella stand in the Midwest Victorian household of his youth and his first solo train ride to New York City he surrendered to an innate talent and inquisitiveness that subsequently engaged tens of thousands of his friends and readers He played the Tiger Rag with a Princeton band on transatlantic steamer crossings He deftly navigated New York City during Prohibition He interviewed Gertrude Stein and Eddie Rickenbacker for the Paris Herald He crossed the Pacific on an oil tanker to get to Tientsin where he reported the social news for the North China Star Then early in his career Sprague was diagnosed with tuberculosis With his wife and young son he moved to Colorado Springs where according to the recommended treatment of the day he was hospitalized How he came to grips with this sudden incapacity is reflected in this candid and engaging memoir Marshall Sprague s death in September of 1994 was a particular loss to his family and friends his Colorado community and to those who helped bring his memoir to press His best known books are Money Mountain The Story of Cripple Creek Gold So Vast So Beautiful a Land Louisiana and the Purchase Swallow Press and Newport in the Rockies The Life and Good Times of Colorado Springs Swallow Press Sometimes I m Happy was a popular dance tune when Sprague first met his wife Edna Jane Dress & Vanity Fair ,1924 **Waterline** John Graves,2004 From bizarre to bewitching this wonderful collection of photographs
