Collected Shorter Prose:

Collected Shorter Prose 1945-1980 Samuel Beckett, 1984 **Samuel Beckett** Pascale Casanova, 2020-01-28 In this fascinating new exploration of Samuel Beckett's work Pascale Casanova argues that Beckett's reputation rests on a pervasive misreading of his oeuvre which neglects entirely the literary revolution he instigated Reintroducing the historical into the heart of this body of work Casanova provides an arresting portrait of Beckett as radically subversive doing for writing what Kandinsky did for art and in the process presents the key to some of the most profound enigmas of Beckett's writing

Alternative Temporalities Teresa Valentini, Angela Weiser, John Zilcosky, 2024-11-30 Alternative temporalities have often emerged as a reaction to the normativizing force of time demonstrating that time can be used as an instrument of power and oppression but also as a means to resist this very oppression *Alternative Temporalities* draws on analyses of modern literature to examine this often neglected role of time By exploring forms of temporal resistance in artistic representation such as short stories and novels that challenge the imposition of colonial gender or capitalist temporal orders the book reveals how storytelling can be an essential tool in questioning and pushing back against coercive temporal structures The book analyses literary representations of time that challenge dominant temporalities and intersect different disciplines such as gender and sexuality studies trauma and Indigenous studies race and identity and religion It features narrative analyses proposing alternative embodied experiences of time focusing on topics including the temporality of the AIDS affected body the experience of time in prison and slowness in opposition to modern acceleration Ultimately *Alternative Temporalities* aims to create new theories as well as practices that may foster more diverse and inclusive ways of perceiving and embodying time

Engagement and Indifference Henry Sussman, Christopher Devenney, 2001-01-01 Explores the hidden political and ethical dimensions of the work of Samuel Beckett an author who might otherwise be considered indifferent to such considerations
