Memoirs of Women Writers, Part III vol 8 Gina Luria Walker,2024-10-28 Mary Hays was a radical feminist whose writings brought her to the attention of her contemporaries William Blake Thomas Paine Mary Wollstonecraft and William Godwin Her Female Biography is an ambitious and acclaimed work covering the lives of 294 women **Horæ Beatæ Mariæ Virginis** Edgar Hoskins,1901 Publishing the Woman Writer in England, 1670-1750 Leah Orr,2023-06-14 In the late seventeenth and eighteenth centuries the woman writer emerged as a category of authorship in England Publishing the Woman Writer in England 1670 1750 seeks to uncover how exactly this happened and the ways publishers tried to market a new kind of author to the public Based on a survey of nearly seven hundred works with female authors from this period this book contends that authorship was constructed not always by the author for market appeal that biography often supported an authorial persona rooted in the genre of the work and that authorship was a role rather than an identity Through an emphasis on paratexts including prefaces title pages portraits and biographical notes Leah Orr analyses the representation of women writers in this period of intense change to make two related arguments First women writers were represented in a variety of ways as publishers sought successful models for a new kind of writer in print Second a new approach is needed for studying early women writers and others who occupy gaps in the historical record This book shows that a study of the material contexts of printed books is one way to work with the evidence that survives It therefore begins with a very familiar kind of author centric literary history and deconstructs it to conclude with a reception centered history that takes a more encompassing view of authorship In addition to analysis of many little known and anonymous authors case studies include Aphra Behn Catharine Trotter Cockburn Laetitia Pilkington Marie Catherine d Aulnoy and Anne Dacier *A Collection of Meditations and Devotions* Susanna Hopton,2014-03-29 This Is A New Release Of The Original 1717 Edition *A Historical Dictionary of British Women* Cathy Hartley,2013-04-15 This reference book containing the biographies of more than 1 100 notable British women from Boudicca to Barbara Castle is an absorbing record of female achievement spanning some 2 000 years of British life Most of the lives included are those of women whose work took them in some way before the public and who therefore played a direct and important role in broadening the horizons of women Also included are women who influenced events in a more indirect way the wives of kings and politicians mistresses ladies in waiting and society hostesses Originally published as The Europa Biographical Dictionary of British Women this newly re worked edition includes key figures who have died in the last 20 years such as The Queen Mother Baroness Ryder of Warsaw Elizabeth Jennings and Christina Foyle **English Church Life from the Restoration to the Tractarian Movement** John Wickham Legg,1914 *The Importance of the Reign of Queen Anne in English Church History* Frederick William Wilson,1911 **Susanna Hopton, I and II** Julia J. Smith,2019-01-22 Susanna Hopton was born in 1627 to a wealthy mercantile family By 1651 she was collaborating with her future husband Richard Hopton in his activities as a royalist agent and around the same time she

was converted to Roman Catholicism by Henry Turberville a secular priest and distinguished controversialist After her marriage to Richard Hopton she was persuaded to rejoin the Church of England after long and serious search and deliberation Her engagement with Roman Catholicism remained the defining event in her spiritual development and had a powerful influence on her writing much of which consists of the adaptation of Roman Catholic devotional sources for Anglican use Her first printed work Daily Devotions set the pattern for all her subsequent publications which were published anonymously through the mediation of male clerical friends In spite of her anonymity during the lifetime Susanna Hopton had a flourishing posthumous reputation Her works were frequently reprinted and she herself was commemorated in compilations of the lives of celebrated women for a hundred and fifty years after her death

The Glorious Revolution of 1688 which pushed James II from the throne of England was not glorious for everyone in fact for many it was a great disaster Those who had already taken an oath of allegiance to James II and to his heirs and lawful successors now pondered how they could take a second oath to William and Mary Those who initially refused to swear the oaths were called Nonjurors In 1691 Archbishop Sancroft eight bishops and four hundred clergy of the Church of England as well as a substantial number of scholars at Oxford and Cambridge were deprived removed from their offices and their license to practice removed The loss of this talent to the realm was incalculable Ten different paradigms shaped the English Nonjurors worldview Passive Obedience was paramount the Apostolic Succession essential a Cyprianist mentality colored everything they held a conscientious regard for oaths the Usages Controversy brought Tradition to the fore printing presses replaced lost pulpits patronage was a means of protection and proliferation they lived with a hybridized conception of time creative women spiritual writers complemented male bishops and a global ecumenical approach to the Orthodox East was visionary These ten operated synergistically to create an effective tool for the Nonjurors survival and success in their mission The Nonjurors influence out of all proportion to their size was due in large measure to this mentality Their unique circumstances prompted creative thinking and they were superb in that endeavor These perspectives constituted the infrastructure of the Nonjurors world and they help us to see the early eighteenth century not only as a time of rapid change but also as an era of
