Collective Agriculture and Rural Development in Soviet Central Asia Azizur Rahman Khan, Dharam P. Ghai, 1980

Collective Agriculture and Rural Development in Soviet Central Asia, 1979 Perestroika and Women Labour Force in Soviet Central Asia Ajay Patnaik, 1989 Agrarian Policies in Communist Europe Karl Eugen Wädekin, 1982 Monograph on comparison of agricultural policies of the CMEA countries of Eastern Europe discusses the ideological framework and role of USSR describes collective farming private sector and state farming and covers the place of the agricultural sector in economic policy agricultural production the pricing of agricultural products agricultural income esp Wages in agricultural employment reform 1960 1970 changes in agricultural development planning and agricultural management etc Bibliography pp 264 to 318 references **Agricultural Markets Beyond Liberalization** Aad van Tilburg, Henk A.J. Moll, A.

Kuyvenhoven, 2012-12-06 Agricultural markets have entered a long term process of liberalization with the aim of reducing imposed market imperfections such as monopolistic public trade entry barriers and subsidies The experience of more than a decade of agriculture liberalization offers a good opportunity to review and analyze the outcome of this process and to draw lessons for the future The central topic in *Agricultural Markets Beyond Liberalization* is the relationship between market structure and how markets perform in a dynamic context during a liberalization process The topic is studied from both a micro and macro viewpoint and refers to different types of agricultural markets This volume brings together the dynamics of agricultural markets in several parts of the world with a special focus on transition economics and Africa The different studies cover geographical areas as wide as a district as well as a group of countries and institutions from individual contracts to multi national organizations The analysis of liberalization under different circumstances and the different methods of analysis used by the authors provide a valuable foundation for the assessment of liberalization *Land-locked States of Africa and Asia* Richard Hodder-Williams, Sarah J. Lloyd, Keith McLachlan, 2013-12-16 Since 1991 more than a dozen new land locked states have emerged to be confronted with the geostrategic problems of access and communications Contributors present the implications of land lockedness and the historical development of trade routes **Tajikistan** Kirill Nourzhanov, Christian Bleuer, 2013-10-08 This book is a historical study of the Tajiks in Central Asia from the ancient times to the post Soviet period For millennia these descendants of the original Aryan settlers were part of many different empires set up by Greek Arab Turkic and Russian invaders as well as their own most notably during the Middle Ages The emergence of the modern state of Tajikistan began after 1917 under Soviet rule and culminated in the promulgation of independence from the moribund USSR in 1991 In the subsequent civil war that raged between 1992 and 1997 Tajikistan came close to becoming a failed state The legacy of that internal conflict remains critical to understanding politics in Tajikistan a generation later Exploring the patterns of ethnic identity and the exigencies of state formation the book argues that despite a strong sense of belonging underpinned by shared history mythology and cultural traits the Tajiks have not succeeded in

forming a consolidated nation The politics of the Russian colonial administration the national territorial delimitation under Stalin and the Soviet strategy of socio economic modernisation contributed to the preservation and reification of sub ethnic cleavages and regional identities The book demonstrates the impact of region based elite clans on Tajikistan s political trajectory in the twilight years of the Soviet era and identifies objective and subjective factors that led to the civil war It concludes with a survey of the process of national reconciliation after 1997 and the formal and informal political actors including Islamist groups who compete for influence in Tajik society Tajikistan A Political and Social History is the best source of information on this important country in the English language Drs Nourzhanov and Bleuer present a comprehensive yet detailed account of the past and prospects of this emerging nation and have filled one of the major gaps in Central Asian scholarship This book must be read by those who wish to grasp the vagaries of Central Asia s evolving political and cultural landscapes Reuel Hanks Professor of Geography Oklahoma State University and Editor of the Journal of Central Asian Studies If Tajikistan is known outside its region it is often for the civil war that gravely damaged it This volume authoritatively provides the longer perspective to the unsettling events of the 1990s and skilfully explains them in terms of history social structure and sub state identities In addition to highlighting a wealth of local factors it is insightful on the ways in which antagonists can be transformed into broader ethnic and regional blocs Kirill Nourzhanov and Christian Bleuer are erudite guides to an understudied part of Central Asia while astutely instructing us about larger patterns of state society relations and their impact on the logic of conflict James Piscatori Professor of International Relations Durham University

Food Security and Political Stability in Tajikistan Raj Kumar Sharma,2018-10-01 There are links between food security and political stability as was evident during the world food crisis of 2007 08 Food riots were witnessed in a number of countries contributing to political instability There are a number of dimensions to the problem of food insecurity in Tajikistan This book is an attempt to fill the academic void on Tajikistan especially pertaining to its food security This work traces the history of agriculture and food production in Tajikistan from mid 19th century when it came under Russian rule From its inception Tajikistan has been facing the geographic handicap as it is a mountainous country and only 7 percent of the total land is arable which limits its food production This book is a detailed study of how Soviet economic geography introduced intensive cotton cultivation in Tajikistan at the expense of food crops Soviet economic planners felt that a region with hot climate and large water resources should not attempt to grow grains but cotton In the contemporary context this book focuses on how the state and international actors have responded to the food insecurity in Tajikistan Most importantly the book also analyses the relationship between food security and political stability in Tajikistan Domesticating Youth Sophie Roche,2014-03-01 Most of the Muslim societies of the world have entered a demographic transition from high to low fertility and this process is accompanied by an increase in youth vis vis other age groups Political scientists and historians have debated whether such a youth bulge increases the potential for conflict or whether it represents a chance to accumulate

wealth and push forward social and technological developments This book introduces the discussion about youth bulge into social anthropology using Tajikistan a post Soviet country that experienced civil war in the 1990s which is in the middle of such a demographic transition Sophie Roche develops a social anthropological approach to analyze demographic and political dynamics and suggests a new way of thinking about social change in youth bulge societies The Journal of Central Asian Studies ,2008 **Work, Income and Inequality** Frances Stewart,1983-06-18 Bibliography on Community and Rural Development Lyn Gorman,1982 *Central Eurasian Studies Review* ,2002 **Structural Adjustment and Food Security in Uganda** Vali Jamal,1987 **British Books in Print** ,1985 *Bibliographic Guide to Soviet and East European Studies* ,1979 **The Agrarian Reform in Peru** Cristóbal Kay,1980 ILO pub wep pub Working paper on an evaluation of the accomplishments of the 1969 agrarian reform in Peru reviews historical aspects of sugar rice and cotton plantations as well as livestock haciendas pre reform land tenure agricultural employment and poverty aspects and assesses profitability and agricultural production achievements of agricultural cooperatives since reform Bibliography pp 44 to 47 References Subject Guide to Books in Print ,1993 Bibliography of Published Research of the World Employment Programme ,1988 *A Socio-economic Input-output Matrix Adapted for an Analysis of Internal Migration* Edgar de Labastida R.,Jacques Gaude,1980 ILO pub wep pub Working paper describing a matrix input output analysis of internal migration in Ecuador in 1974 using social indicators and economic indicators compares regional level differences in crop and livestock activities petroleum industry service sector industrial sector and agricultural sectors and includes details on a disaggregation of value added factors and on evaluation techniques and econometric modelling Bibliography pp 44 and 45 flow chart and statistical tables
