

PRIT BUTTAR  
*Author of Battleground Prussia*  
COLLISION  
OF  
EMPIRES

THE WAR ON THE  
EASTERN FRONT IN 1914

# Collision Of Empires

**Carrie Gibson**

## **Collision Of Empires:**

Collision of Empires Prit Buttar,2014-06-20 Collision of Empires is the first major historical work on the Eastern Front during World War I since the 1970s One of the primary triggers of the outbreak of World War I was undoubtedly the myriad alliances and suspicions that existed between the Russian German and Austro Hungarian empires in the early 20th century Yet much of the actual fighting between these nations has been largely forgotten in the West Driven by first hand accounts and detailed archival research Collision of Empires seeks to correct this imbalance The first in a four book series on the Eastern Front in World War I Prit Buttar s dynamic retelling examines the tumultuous events of the first year of the war and reveals the chaos and destruction that reigned when three powerful empires collided A war that was initially seen by all three powers as a welcome opportunity to address both internal and external issues would ultimately bring about the downfall of them all

**Collision of Empires** A. D. Harvey,1992-01-01 The only previous war to match the world wars of the twentieth century in scale and impact was the French War of 1793 1815 This book is the first book to compare these conflicts which together shaped the history of the modern world A D Harvey relates the causes conduct and outcome of these wars to the fundamental nature of the societies which fought them Political decisions economic power and social attitudes interfaced with the demands of military technology to determine the outcome of each case Britain is the centre of focus but is seen against a background of the other combatants Harvey s ability to make large scale generalisations is backed up by a wealth of fascinating and carefully documented detail making this outstanding and exceptionally well written book a pleasure to read The author has tackled a huge subject and has not been afraid to face up to either its complexities or its implications By asking new questions and using a range of unfamiliar sources this book provides an unusually profound analysis not only of these wars but also of the nature of modern society and of our understanding of the past

*Collision of Empires* G. Bruce Strang,2016-05-23 Italy s invasion of Ethiopia in 1935 marked a turning point in interwar Europe The last great European colonial conquest in Africa the conflict represented an enormous gamble for the Fascist dictator Benito Mussolini He faced a challenge not only from a stout Ethiopian defence but also from difficult logistics made worse by the League of Nations half hearted sanctions Mussolini faced down this opposition and Italian troops aided by air superiority and liberal use of yprite gas conquered Addis Ababa within eight months a victory that shocked many military observers of the time with its speed and suddenness The invasion had enormous repercussions on European international relations In the midst of a national election campaign the British National Government had felt constrained to support the League despite fears that sanctions through the League could lead to war with Italy The concentration of the Royal Navy in the Mediterranean Sea alienated Mussolini and placed the French government on the horns of dilemma should France support its military partner Italy or its more important potential ally Great Britain French attempts to mark out a middle ground did little to placate the Duce and the crisis seemed to develop a deep rift between Fascist Italy and the Anglo French democracies while at the same time

creating a crisis in Anglo French relations Mussolini turned towards Nazi Germany in an attempt to end his diplomatic isolation during the sanctions episode although Hitler considered the Duce s friendship a mixed blessing The question of American adherence to sanctions increased ill will between British politicians and the Roosevelt administration in Washington as each tended to blame the other for the failure of oil sanctions and the collapse of collective security The international crisis posed similarly thorny problems for the smaller powers of Europe and for Japan and the Soviet Union The crisis impeded common defence against Fascist expansionism while giving impetus to claims of the revisionist powers Despite the tremendous importance of the international crisis however little new work on the subject has appeared in recent decades In this volume an international cast of contributors take a fresh look at the crisis through the lens of new evidence and new approaches to international relations history to provide the most comprehensive coverage of the crisis currently possible and their work provides new frames of reference for exploring imperialism collective security and genocide

*Windows to the Past* Sreekumar V T,2025-01-12 Embark on an extraordinary journey through the corridors of time with *Windows to the Past A Panorama of World History* This captivating and meticulously crafted book serve as a panoramic lens offering readers a comprehensive view of the rich tapestry of human history that has shaped our world From the earliest civilizations to the modern era this book unfolds the captivating stories of pivotal moments iconic figures and cultural movements that have defined the course of history Each chapter acts as a window into a specific era allowing readers to witness the rise and fall of empires the triumphs of great leaders and the evolution of societies across the globe The narrative skilfully weaves together the threads of political social economic and cultural history providing a holistic understanding of the interconnectedness of human civilization With a keen eye for detail and a commitment to accuracy *Windows to the Past* brings historical events to life immersing readers in the drama conflicts and triumphs of bygone eras This book is not merely a chronicle of dates and facts it is a dynamic exploration of the forces that have shaped our world and continue to influence our present The author invites readers to engage with the past encouraging them to draw connections between historical events and contemporary issues fostering a deeper appreciation for the complexities of the human experience Whether you are a seasoned history enthusiast or a newcomer eager to explore the annals of time *Windows to the Past* is an accessible and engaging guide that invites readers to reflect on the lessons of history and gain a profound perspective on the challenges and opportunities that lie ahead Immerse yourself in this panoramic journey and discover the windows that connect us to the fascinating tapestry of our shared human heritage

**Decision Advantage** Jennifer E. Sims,2022-08-02 In *Decision Advantage* Jennifer E Sims examines the role of intelligence in international conflict throughout history to show that intelligence has been a measurable buildable and consequential form of power over centuries Diving deep into the history of the 16th Century s Spanish Armada two Civil War battles the hunt for President Lincoln s assassin and key diplomatic crises before the two World Wars Sims develops insights into how competitors have created and used intelligence power to their

advantage including winning against otherwise stronger opponents      **Intelligent Woman's Guide** Bernard Shaw, 2018-01-01 As a lifelong socialist Shaw believed that economic inequality was a poison destroying every aspect of human life perverting family affections and the relations between the sexes According to him all British institutions were corrupted at the root by pecuniary interest and idealism integrity and any piecemeal attempts at political reform were futile in the face of the gross injustice built into the Empire's economic system Begun in 1924 the year of the British Labour Party's first period of office under Ramsay MacDonald who hailed it as the world's most important book since the Bible and first published in 1928 The Intelligent Woman's Guide draws on Shaw's decades of activism and remains a brilliant thought provoking classic of political propaganda      Corduba Conn Hallinan, 2024-05-31 Corduba is the 5th and final volume of the riveting Middle Empire series      *The First of Empires* William St. Chad Boscawen, 1906      **The History and Romance of Ancient Empires** C. M. Stevans, 1900      **Empires of the Far East** Lancelot Lawton, 1912      The Clash of Empires John Walker, Rowland Thirlmere, 1907      *Ways of the World with Sources, Volume 1* Robert W. Strayer, Eric W. Nelson, 2021-10-15 Ways of the World is a world history textbook with a built in reader that offers a truly global approach that explores broad patterns and nurtures students skill development      The Masonic Review, 1893      *The clash of empires, by Rowland Thirlmere* John Walker, 1907      **History, Essays, Orations, and Other Documents of the Sixth General Conference of the Evangelical Alliance** Evangelical Alliance. Conference, 1874      *History of the Consulate and the Empire of France Under Napoleon* Adolphe Thiers, 1894      **A History of Greece: The Byzantine and Greek empires, pt. 2, A.D. 1057-1453** George Finlay, 1877      The intelligent woman's guide to socialism and capitalism Bernard Shaw, 1930      **The Historians' History of the World: Germanic empires (concluded)** Henry Smith Williams, 1907      **Body Politic** Arnold D. Harvey, 2007 The idea that there is an analogy between the social collective and the human body originated more than twenty five centuries ago It was known to Plato and St Paul and was adopted by state functionaries in the Middle Ages and Renaissance and by academics in the Nineteenth Century In the early Twentieth Century the notion was taken up by military theorists and contributed to the formulation of new tactical and strategic doctrines and it has resurfaced again in the IT era At each stage the idea has been elaborated and given new emphases for two millennia it has been part of the vocabulary in which successive generations have attempted to articulate their developing ideas about society This book is more than simply a history of a political metaphor however it is a history of how metaphor may be converted into action What reviewers said of earlier books by A D Harvey Collisions of Empire is a vast complex and brilliant mosaic each individual tessera of which is hard edged and glittering Richard Holmes Times Literary Supplement Excellent A D Harvey is a master of the concrete the adroit displayer of the precious scrap of hard fact Kathryn Hughes Daily Telegraph Arnold Harvey has written an energetic and eclectic book reflecting on the implications of the idea that society can be seen as a body He takes us from ancient India to computer hackers provides quotations rich and strange and explores the by ways of assassination and aerial warfare
