Collusion and Resistance Kerstin W. Shands, 2002 These volumes explore the potential for feminist critique offered by these genres critique of patriarchal ideologies as well as formal features and demonstrate how gendered hierarchies are unsettled but not entirely transcended Thus the resistance against traditional genre properties creates new spaces for women writers while the collusion with existing forms inscribes these women writers in the literary tradition at large Together with the students engaged in this project the scholars represented in this anthology have embarked upon a conceptual voyage of discovery

The Ethnic Dimension in Politics and Culture in the Baltic Countries 1920-1945 Baiba Metuzāle-Kangere, 2004 This volume treats the interrelated topics of politics national culture and minorities The articles span from the notion of cultural autonomy to authoritarian regimes and harsh dictatorships as well as the manifestation of these in language and literature With its delicately poised geographic position between two great powers in the 20th century causing turbulent and often violent historical climates the Baltic area is a microcosm for research on the complex of these problems Contents include Paul Schiemann on Reconciling Nation and State The Russian Question Yesterday and Today Mikhail Kurchinskii and the Lessons of the Inter War Period Ewald Ammende His Vision for the Organization of National Minorities in Europe The Multilingual Parliament Language Choice by Non Estonian Members of Parliament in Parliamentary Debates in Estonia 1919 1934 Language Policy and Linguistics under Ulmanis Political Identity and Nationalism Literature under the Ulmanis Regime Bending the Mind in a Free Country Lithuania Jews in Latvian Literature and Society in the 1920s and 1930s

The Transformation of the Swedish Welfare System Ali Hajighasemi, 2004 What has happened to the once famous Swedish model Since the economic crisis in the 1990s prophecies of the imminent demise of the universal welfare state have been common Cutbacks in social benefits and mass unemployment seem to confirm these prophecies The author a citizen of Sweden with a Ph D from Durham University UK and a native of Iran thinks differently In this study he explores the role of social movements demographic economic and socio cultural conditions institutional change and globalization in the transformation of the Swedish welfare state Several programs were indeed recalibrated and a policy of cost containment came to dominate social policy making independent of whether the government was center left or center right Although the favorable conditions in the decades after WWII no longer obtain the downsizing of the welfare programs has basically followed an egalitarian and universal logic There are cracks in the wall but the Nordic welfare states have thus far survived and have shown themselves more resilient than most other social organizations in crisis Social scientists and politicians alike will find this book highly relevant for their work

By the Water Johan Rönby, 2003 The articles in this book deal with archaeological material and interpretations from very different periods However one thing that all these texts have in common is that they concern humans acting on or close to water It is therefore the human interaction with the marine environment which is the common

theme to this volume regardless of whether the subject is Stone Age coastal hunters or 19th century navigations pilots An important general question in relation to the ever present sea in this book is the relationship between a specific milieu and the functional cultural and social strategies people develop within it Contents include Strategies by the Water An introduction Neolithic Society in Eastern Sweden Segmentary virilocal and animistic Boat on the River Developing and applying alternative methods of tracing ship traffic on inland waterways The Ships and seafaring of Central Sweden in the Late Iron Age Myth and reality By Lodia and Troika Early Russian traveler s accounts Aspects of Stockholm s Maritime Defense 1000 1800 AD Boundary Thinking The Medieval arena of Vanern Land s End **Everyday Economy in Russia, Poland and Latvia** Karl-Olov Arnstberg, Thomas Borén, 2003 How do people make ends meet in societies undergoing fast and large scale political and economic change Eleven researchers present the results of field studies carried out among ordinary families and their neighbors among businessmen pretty street traders and homeless people They examine formal and informal means to earn a living in the transition period The concept Everyday economy is the focus and common denominator of all contributions These original contributions to the debate on post Soviet societies should be of interest not only to social scientists and specialists but to all who wish to gain a deeper understanding of this crucial period *In Search of an Order* Ulla Birgegård, Irina Il'inichna Sandomirskai[a], 2004 The essays presented in this book cover that age of European rationality during which by fits and starts between intermittent wars and armistices the gradual move took place from the epoch of the Baroque to Classicism and then to the age of Romanticism During the period one of the empires evolves into a European superpower reaches its apogee and slowly declines in the meantime its counterpart on the other shore closely watches and emulates its neighbor enemy big brother and gradually masters the art of being an empire We never leave the scene of the narrative delineated in this volume at the turning point when the impoverished Sweden sets out on the path towards European nation statehood leaving the newly magnificent Russia to shine on land and sea in its stubborn pursuit of unrestricted dominion The stage of this historical drama is not only populated by armies and navies but also enlivened by an incessant flow of travelers traversing the expanses of the other in both directions and beyond each other s confines in search of each other s secrets the keys to the other s and consequently one s own symbolic constitution

to break apart these rigidities Russ's book is a formidable attempt It is angry without being self righteous it is thorough without being exhausting and it is serious without being devoid of a sense of humor But it was published over thirty years ago in 1983 and there's not an enormous difference between the world she describes and the world we inhabit Jessa Crispin from the foreword A book of the most profound and original clarity Like all clear sighted people who look and see what has been much mystified and much lied about Russ is quite excitingly subversive The study of literature should never be the same again Marge Piercy Joanna Russ is a brilliant writer a writer of real moral passion and high wit Adrienne Rich
