sake A victorious Germany would be a menace to international liberty and become automatically a threat to the happiness and freedom of the United States My years in Germany taught me that But I cherish no scintilla of hatred or animosity toward the German people as individuals who will be the real victims of the war I saw them with my own eyes literally dragged into the fight against their will fears and judgment I know from their own lips that they considered it a cruelly unnecessary war and did not want it They were joyful and prosperous a year and a half ago never more so They craved a continuance of the simple blessings of peace unless their tearful protestations in the fateful month preceding the drawing of their mighty sword were the complaints of a race of hypocrites and I do not think the percentage of hypocrisy higher in Germany than elsewhere in the world The German's Gott strafe England cult for example is no revelation to any man who has lived among them Their hatred for Perfidious Albion has long been vigorous and purposeful *Bulletin ...* New York (State) Agricultural Experiment Station, Geneva,1916 **Mental Pathology in Its Relation to Normal Psychology** Gustav Wilhelm Störing,1907 **Practice Makes Perfect** Simon Horsey,2011 As musicians we are always told that music practice is the key to success on any instrument but nobody ever tells us how to practice We are told that Practice makes perfect but nobody ever tells us how In fact practice doesn't make perfect Perfect practice makes perfect Practice Makes Perfect is a book that will revolutionize your practice Learn how how to practice more efficiently and effectively by applying the easy to use techniques in this book and start making more progress in less time whatever instrument you play More progress doesn't come from working harder it comes from working smarter and knowing how to practice **The World's Sixteen Crucified Saviors; Or Christianity Before Christ.
