

Before The Supreme Court

New Mexico Bar Association

Before The Supreme Court:

The U.S. Supreme Court: A Very Short Introduction Linda Greenhouse, 2020-05-29 For 30 years Pulitzer Prize winning journalist Linda Greenhouse chronicled the activities of the U S Supreme Court and its justices as a correspondent for the New York Times In this Very Short Introduction she draws on her deep knowledge of the court s history and of its written and unwritten rules to show readers how the Supreme Court really works Greenhouse offers a fascinating institutional biography of a place and its people men and women who exercise great power but whose names and faces are unrecognized by many Americans and whose work often appears cloaked in mystery How do cases get to the Supreme Court How do the justices go about deciding them What special role does the chief justice play What do the law clerks do How does the court relate to the other branches of government Greenhouse answers these questions by depicting the justices as they confront deep constitutional issues or wrestle with the meaning of confusing federal statutes Throughout the author examines many individual Supreme Court cases to illustrate points under discussion ranging from Marbury v Madison the seminal case which established judicial review to the recent District of Columbia v Heller 2008 which struck down the District of Columbia s gun control statute and which was surprisingly the first time in its history that the Court issued an authoritative interpretation of the Second Amendment To add perspective Greenhouse also compares the Court to foreign courts revealing interesting differences For instance no other country in the world has chosen to bestow life tenure on its judges The second edition of Greenhouse s Very Short Introduction tracks the changes in the Court s makeup over the last eight years considers the landmark decisions of the Obama and Trump eras and reexamines the precarious fates of such precedents as Roe v Wade A superb overview packed with telling details this volume offers a matchless introduction to one of the pillars of American government

Oral Arguments Before the Supreme Court Lawrence Wrightsman, 2008-04-16 Of all the steps in the Supreme Court s decision making process only one is visible to the public the oral arguments By carefully analyzing transcripts of all the oral arguments available to the public Professor Wrightsman provides empirical answers to a number of questions about the operation of oral arguments This book provides a model for understanding the dynamics of judicial decision making from an empirical perspective

Seriatim Scott Douglas Gerber, 1998-07 Seldom has American law seen a more towering figure than the great Chief Justice John Marshall Yet even while acknowledging the indelible stamp Marshall put on the Supreme Court it is possible in fact necessary to examine the pre Marshall Court and its justices to gain a true understanding of the origins of American constitutionalism The ten essays in this tightly edited volume were especially commissioned for the book each by the leading authority on their particular subject The result is a window onto the origins of the most powerful court in the world and onto American constitutionalism itself
