Bowker's Complete Video Directory 2001 ,2001 **Saxophone Journal** ,1995 Video Source Book ,2008
Australian National Bibliography ,1993 **Cadence** Bob Rusch,1995 **Standard Catalog of Baseball Cards** Bob Lemke,2005-09 This pioneer catalog of baseball card collecting delivers the premium quality collectors have come to expect providing an emphasis on vintage cards and collectibles through the the 1980s as well as complete checklists for more than 12 500 sets **Sax Expat** Con Chapman,2025-03-31 Don Byas 1913 1972 may be lesser known than the counterparts he played with Count Basie Duke Ellington and Dizzy Gillespie among others but he was an enigma He never stayed with a band for long and eventually went solo partly to make more money and partly due to his inability to work with bandleaders Often drinking to excess alcohol fueled his sometimes erratic behavior on and off the bandstand He went through at least thirteen different groups in fifteen years of professional play before leaving for Europe in 1946 Despite his fractious personality in Europe he found peace and contentment as a family man in the Netherlands where he lived out his days with his second wife and their four children He learned at least seven languages during his years in Europe and on traveling to a new country could pick up a few phrases in short order soon speaking to the locals and even composing songs in their native tongue In Sax Expat Don Byas author Con Chapman argues that Byas s relative obscurity arises from his choice to live in Europe where he missed out on recording opportunities and exposure in the US that would have made him renowned and wealthier His numerous achievements including his solo on Count Basie s Harvard Blues which is a model of restrained invention his interpretation of the sentimental movie theme Laura and his duets with bassist Slam Stewart were included in the Smithsonian Collection of Classic Jazz and secured Byas s place in jazz history This biography brings to life an amazing jazz story **Jazz Times** ,1993 America s jazz magazine Feb 1991 The Jazz Discography Tom Lord,1994 The International Who's Who in Popular Music 2002 Andy Gregory,2002 TheInternational Who s Who in Popular Music 2002offers comprehensive biographical information covering the leading names on all aspects of popular music It brings together the prominent names in pop music as well as the many emerging personalities in the industry providing full biographical details on pop rock folk jazz dance world and country artists Over 5 000 biographical entries include major career details concerts recordings and compositions honors and contact addresses Wherever possible information is obtained directly from the entrants to ensure accuracy and reliability Appendices include details of record companies management companies agents and promoters The reference also details publishers festivals and events and other organizations involved with music Lakefront Joseph D. Kearney,Thomas W. Merrill,2021-05-15 How did Chicago a city known for commerce come to have such a splendid public waterfront its most treasured asset Lakefront reveals a story of social political and legal conflict in which private and public rights have clashed repeatedly over time only to produce as a kind of miracle a generally happy ending Joseph D Kearney and Thomas W Merrill study the lakefront s evolution from the middle of the nineteenth

century to the twenty first Their findings have significance for understanding not only Chicago s history but also the law s part in determining the future of significant urban resources such as waterfronts The Chicago lakefront is where the American public trust doctrine holding certain public resources off limits to private development was born This book describes the circumstances that gave rise to the doctrine and its fluctuating importance over time and reveals how it was resurrected in the later twentieth century to become the primary principle for mediating clashes between public and private lakefront rights Lakefront compares the effectiveness of the public trust idea to other property doctrines and assesses the role of the law as compared with more institutional developments such as the emergence of sanitary commissions and park districts in securing the protection of the lakefront for public uses By charting its history Kearney and Merrill demonstrate that the lakefront s current status is in part a product of individuals and events unique to Chicago But technological changes and a transformation in social values in favor of recreational and preservationist uses also have been critical Throughout the law while also in a state of continual change has played at least a supporting role
