## **Behavior Society And International Conflict:**

**Behavior, Society, and International Conflict** Philip E. Tetlock, 1993 If chances of a superpower nuclear war have recently diminished the chances of international conflict have not as demonstrated in Iraq Sri Lanka and the former country of Yugoslavia Working under the aegis of the National Research Council of the National Academy of Sciences a panel of distinguished scholars examine social and behavior sciences and the contributions they make in understanding factors which may promote or inhibit international conflict They review research on international conflict focusing on behavioral and social phenomena that may be critical in determining war and peace and essential in building new international security

**Behavior, Society, and International Conflict**, 1993      **Behavior, Society and International Conflict** Philip E. Tetlock, 1993      **International Conflict Resolution After the Cold War** National Research Council, Commission on Behavioral and Social Sciences and Education, Committee on International Conflict Resolution, 2000-11-07 The end of the Cold War has changed the shape of organized violence in the world and the ways in which governments and others try to set its limits Even the concept of international conflict is broadening to include ethnic conflicts and other kinds of violence within national borders that may affect international peace and security What is not yet clear is whether or how these changes alter the way actors on the world scene should deal with conflict Do the old methods still work Are there new tools that could work better How do old and new methods relate to each other International Conflict Resolution After the Cold War critically examines evidence on the effectiveness of a dozen approaches to managing or resolving conflict in the world to develop insights for conflict resolution practitioners It considers recent applications of familiar conflict management strategies such as the use of threats of force economic sanctions and negotiation It presents the first systematic assessments of the usefulness of some less familiar approaches to conflict resolution including truth commissions engineered electoral systems autonomy arrangements and regional organizations It also opens up analysis of emerging issues such as the dilemmas facing humanitarian organizations in complex emergencies This book offers numerous practical insights and raises key questions for research on conflict resolution in a transforming world system      **Behavior, Society, and Nuclear War** National Research Council (U.S). Committee on International Conflict and Cooperation, 1989      **Peacemaking in International Conflict I.** William Zartman, 2007 This updated and expanded edition of the highly popular volume originally published in 1997 describes the tools and skills of peacemaking that are currently available and critically assesses their usefulness and limitations      *Herbert C. Kelman: A Pioneer in the Social Psychology of Conflict Analysis and Resolution* Herbert C. Kelman, Ronald J. Fisher, 2017-01-18 This edited volume presents selected papers capturing Herbert Kelman s unique and seminal contributions to the social psychology of conflict analysis and resolution with a special emphasis on the utility of concepts for understanding and constructively addressing violent and intractable conflicts Central concepts covered include perceptual processes basic human needs group and normative processes social identity and intergroup trust which form the

basis for developing interactive methods of conflict resolution      *Capturing the Complexity of Conflict* Dennis J. D. Sandole, 2013-09-13 First Published in 1999 Routledge is an imprint of Taylor Francis an informa company      **Behavior, Society, and Nuclear War:** Philip E. Tetlock, Jo L. Husbands, Robert Jervis, Paul C. Stern, Charles Tilly, 1992-06-04 In the last year the world has witnessed changes in East West relations that would have been unthinkable only a short time ago The Berlin Wall has crumbled Eastern Europe has thrown out its authoritarian leaders and the Soviet Union itself has undergone dramatic changes in political structure and foreign policy The U S public no longer regards the Eastern Bloc as the principal threat to national security Yet even with the undeniable thaw in the Cold War many of the old scenarios for World War III remain as plausible as they were in the past and new sources of instability could arise from ethnic conflicts economic competition or other sources The second volume of Behavior Society and Nuclear War addresses the potential causes of nuclear war within the context of this changing political landscape As in the first volume of this series leading scholars review specific behavioral and social phenomena and processes that may be critical in determining war and peace how foreign policy decision are made the role of arms races and the activities of third party moderators Volume Two also explores the effects of changing international conditions on the potential for the growing importance of conflicts between small powers the possibility that techniques of reassurance can supplement deterrence and the sources of moderation in Soviet security policy Informed by the most up to date scholarship Behavior Society and Nuclear War will be essential reading for anyone interested in international relations disarmament political science and sociology      **Handbook of Game Theory with Economic Applications: Zero-sum two-person games** Robert J. Aumann, Sergiu Hart, 1992      **Crises in World Politics** Michael Brecher, 2013-10-22 Crises in World Politics Theory Reality presents the study of international conflict This book discusses the danger of crises to global and regional stability Organized into eight chapters this book begins with an overview of the key concepts of the inquiry conflict crisis and war This text then explores the four phases of an interstate crisis namely onset escalation de escalation and impact Other chapters consider the unified model of crisis which is applied to the Gulf Crisis War of 1990 91 This book discusses as well the most intense military security crisis in the 20th century the dynamics of the process and how the actors coped with their crisis The final chapter summarizes the primary findings about models and concepts and about each phase and its corresponding period at the actor level namely pre crisis crisis end crisis and post crisis This book is a valuable resource for historians policy makers and social scientists      *Territory, War, and Peace* John A. Vasquez, Marie T. Henahan, 2023-04-14 This book presents a collection of new and updated essays on what has come to be known as the territorial explanation of war The book argues that a key both to peace and to war lies in understanding the role territory plays as a source of conflict and inter group violence Of all the issues that spark conflict territorial disputes have the highest probability of escalating to war War however is hardly inevitable much depends on how territorial issues are handled More importantly settling territorial disputes and establishing mutually recognized boundaries

can produce long periods of peace between neighbors even if other salient issues arise While territory is not the only cause of war and wars arise from other issues territory is one of the main causes of war and learning how to manage it can in principle eliminate an entire class of wars This book will be of great interest to all students of war and conflict studies causes of war and peace international security and strategic studies John A Vasquez is Thomas B Mackie Scholar in International Relations at the University of Illinois Urbana Champaign He is author of *The Steps to War* 2008 with Paul Senese and *The War Puzzle Revisited* 2009 He has been president of the Peace Science Society International and the International Studies Association Marie T Henehan is Director of Internships and Lecturer Department of Political Science at the University of Illinois Urbana Champaign She is author of *Foreign Policy and Congress An International Relations Perspective* and co editor of *The Scientific Study of Peace and War* *Indicators of International Behavior* Carmelo Mesa-Lago, John R.
