Being A Christian Today:

Being a Christian Today Ladislaus Boros,1979 **Good Faith** David Kinnaman,Gabe Lyons,2016-02-23 Many Christians today feel overwhelmed as they try to live faithfully in a culture that seems increasingly hostile to their beliefs Politics marriage sexuality religious freedom with an ever growing list of contentious issues believers find it harder than ever to hold on to their convictions while treating their friends neighbors coworkers and even family members who disagree with respect and compassion This isn t just a problem that affects individual Christians if left unaddressed the growing gap between the faithful and society s tolerance for public faith will have lasting consequences for the church in America Now the bestselling authors of *unChristian* turn their data driven insights toward the thorny question of how Christians talk with people they know and love about the most toxic issues of our day They help today s disciples understand what they believe and why and how to keep believing it without being judgmental and defensive Readers will discover the most significant trends that offer both obstacles and opportunities to God s people and how not only to challenge culture but to create and renew it for the common good Perhaps most importantly David Kinnaman and Gabe Lyons invite fellow Christians to understand the heart behind opposing views and show them how to be loving life giving friends despite profound differences This will be the go to book for young adult and older believers who don t want to hide from culture but to engage and restore it

Being a Christian Jason K. Allen,2018 What does it mean to be a Christian The gospel of Jesus Christ is the best news in history but we often live as though it has minimal impact on our lives Being a Christian isn t just about Sunday mornings small groups and studying the Bible The good news is that Jesus redeems everything In the Bible we read story after story of people meeting God and walking away completely changed The same is true for Christians today Being a Christian by Dr Jason Allen shows how Jesus redeems all of life Useful for new and mature believers small group and personal study Being a Christian walks readers through the gospel s impact on all facets of life from your relationships to your resources from your work to your rest from your past to your future

Spirituality for the present Brigitte Proksch,2025-10-01 Today many people s lives are marked by a radical longing for a spiritual holistic life for meaning and purpose on the one hand and at the same time by a striking loss of transcendence and religion on the other The growing longing for reliable human relationships is countered by the increasing failure of community The deep desire for peace and security often remains unfulfilled People s own lives are often subject to growing uncertainty and precarious circumstances They are undermined by a lack of prospects for the future and are in danger of being paralysed by exhaustion and hopelessness Global conditions also appear threatening the northern and southern halves of the world the western and eastern parts are in the process of breaking apart In this oppressive situation reliable advice and guidance are in demand Christian spirituality as a source of quality of life and as a catalyst for renewal in the Church takes on irreplaceable significance This book offers accessible insight into a spirituality that draws on the rich tradition of Christian teaching It can help individuals or groups on their journey with insights and

suggestions and accompany everyday life or further education with a number of ideas An unexpected discovery in this search for clues is a 19th century figure who provides relevant insights Vincent Pallotti 1795 1850 Outwardly unassuming conventional and traditional at first glance his prophetic message becomes apparent upon closer inspection His insights were far ahead of his time He was a pastor and social worker a visionary and an organizer In his everyday life he proved to be attentive to the demands of the moment always grateful alert and sensitive to everyone and everything His intention to build a universal and human community involving everyone and sharing responsibility for the whole is still forward looking today Pallotti is contemplative and profound worldly and world loving convinced of the holiness of the world and of all people For the Church he desires both depth and breadth openness to its own diversity and the unity of all Christians indeed of all people He considers a comprehensive council necessary for the Church and already anticipates its coming Some of what Vincent Pallotti thought and lived was only recognized and established as the Church's position during the Second Vatican Council 1962 1965 while some of it goes beyond that He was canonized by Pope John XXIII on January 20 1963 The fact that this took place during the Council which ushered in a new era in the Catholic Church is programmatic This volume is intended as an inspiration to find inspiration and encouragement for life in Pallotti's legacy Vincent Pallotti left behind numerous writings including letters prayers occasional writings a kind of diary a spiritual explanation of the first part of the Christian creed instructions for his companions and the members of the community he brought together the Union of Catholic Apostles as well as admonitions and reflections of various kinds His writings are the testimony of a life that was fascinated and moved by God In this sense they contain an existential theology a discourse on God in the original sense of the word inspired by many personalities including Augustine Francis of Assisi Ignatius of Loyola and many others
