**Beirut** Sélim Nassib, Caroline Tisdall, 1983      **A History of the Israeli-Palestinian Conflict** Mark Tessler, 2009-03-24  
Mark Tessler's highly praised comprehensive and balanced history of the Israeli-Palestinian conflict from the earliest times to the present updated through the first years of the 21st century provides a constructive framework for understanding recent developments and assessing the prospects for future peace. Drawing upon a wide array of documents and on research by Palestinians, Israelis, and others, Tessler assesses the conflict on both the Israeli and the Palestinian terms. New chapters in this expanded edition elucidate the Oslo peace process including the reasons for its failure and the political dynamics in Israel, the West Bank, and Gaza at a critical time of transition.

**Under Siege** Rashid Khalidi, 2014-01-04  
*Under Siege* is Rashid Khalidi's firsthand account of the 1982 Lebanon War and the complex negotiations for the evacuation of the PLO from Beirut. Utilizing unconventional sources and interviews with key officials and diplomats, Khalidi paints a detailed portrait of the siege and ensuing massacres, providing insight into the military pressure experienced by the PLO, the war's impact on Palestinian and Lebanese civilians, and diplomatic efforts by the United States. A new preface by Khalidi considers developments across the Middle East in the thirty years since the conflict. The preface also cites recently declassified Israeli documents to offer surprising new revelations about the roles and responsibilities of both Israeli leaders and American diplomats in the tragic coda to the war: the Sabra and Shatila massacres.

*The Tragic Life* Cecil Anthony Abrahams, 1990      **The Black Messiah** Albert B. Cleage, 1989  
That white Americans continue to insist upon a white Christ in the face of all historical evidence to the contrary and despite the hundreds of shrines to Black Madonnas all over the world is the crowning demonstration of their white supremacist conviction that all things good and valuable must be white. On the other hand, until black Christians are ready to challenge this lie, they have not freed themselves from their spiritual bondage to the white man nor established in their own minds their right to first class citizenship in Christ's kingdom on earth.

Those of us who care about Africa owe a great debt to Ben Magubane. No other thinker has given us as much insight into the struggle in South Africa. Here again, Magubane demonstrates why his work is required reading for anyone seeking to understand the complexities of apartheid. These are the words not of a detached academic but of a political savant whose commitment shines from every page.
