**Belfast Merchant Families in the Seventeenth Century** Jean Agnew, 1996 Profiles of thirty families of Presbyterian Scots who became prominent Belfast merchants in the 1600s are included with historical background of the city *The Presbyterians of Ulster, 1680-1730* Robert Whan, 2013 A comprehensive survey and analysis of the Presbyterian community in its important formative period The Presbyterian community in Ulster was created by waves of immigration massively reinforced in the 1690s as Scots fled successive poor harvests and famine and by 1700 Presbyterians formed the largest Protestant community in the north of Ireland This book is a comprehensive survey and analysis of the Presbyterian community in this important formative period It shows how the Presbyterians formed a highly organised self confident community which exercised a rigorous discipline over its members and had a well developed intellectual life It considers the various social groups within the community demonstrating how the always small aristocratic and gentry component dwindled and was virtually extinct by the 1730s the Presbyterians deriving their strength from the middling sorts clergy doctors lawyers merchants traders and in particular successful farmers and those active in the rapidly growing linen trades and among the laborious poor It discusses how Presbyterians were part of the economically dynamic element of Irish society how they took the lead in the emigration movement to the American colonies and how they maintained links with Scotland and related to other communities in Ireland and elsewhere Later in the eighteenth century the Presbyterian community went on to form the backbone of the Republican separatist movement ROBERT WHAN obtained his Ph D in History from Queen's University Belfast **Provincial Towns in Early Modern England and Ireland** Peter Borsay, Lindsay J. Proudfoot, 2002 Table of contents [Ulster Since 1600](#) Liam Kennedy, Philip Ollerenshaw, 2013 Surveys the history of the province from the plantations of the early seventeenth century to partition and the formation of Northern Ireland in the early 1920s and onwards to the Troubles of recent decades A major contribution to the history of Ireland and to Ulster's contested place in the British and the wider world **Irish Economic and Social History**, 1999 [The Irish Statute Staple Books, 1596-1687](#) Jane H. Ohlmeyer, Éamonn Ó Ciardha, 1998 The Irish staple was established in the 13th century to regulate trade in basic or staple goods which could only be sold to foreign merchants in designated staple towns It also provided a sure way for traders to recover their debts and by the early 17th century the real significance of the staple lay in the regulation of debt The surviving 17th century staple records provide a guide to indebtedness and the social and economic history of early modern Ireland These records also offer an opportunity to analyze the processes inherent in colonization at local level as they contain detailed entries amounting to over 4 000 transactions emanating from every county in Ireland Publisher's description **The Cities of Belfast** Nicholas Allen, Aaron Kelly, 2003 This collection of essays and images reveals hidden cities in literature history and art that radically redefine our knowledge and understanding of what we think of as Belfast It traces the city's development from its first foundation to the present Publisher's description **History of the Irish Parliament**
