Beloved Enemy:

Beloved Enemy Mary Wibberley, 1973 *The Beloved Enemy* E. Maria Albanesi, 1933 *Post-Colonial Theology* Robert S. Heaney, 2019-05-08

Hate is unveiled on our streets Politics is polarized and the cohesion of communities is under stress and threat Religious and theological leaders appear compromised or paralyzed Robert S Heaney grew up in a Northern Ireland where enmity paraded itself and policed the boundaries between segregated identities and aspirations Such conflict with deep historic roots is inextricably linked to religion and colonization The theologizing of colonialism and the ongoing implications of colonialism cannot be ignored by those who wish to understand the most intractable of human conflicts Religious adherents and scholars are increasingly seeking to understand colonialism and decolonization in theological terms The field of post colonial studies across a range of contexts and in a complex network of inter disciplinary analyses has emerged as a major scholarly movement seeking to provide resources for such a task Theologians have increasingly seen the field as a resource and have made their own contributions to its development However depending as it does on a series of theoretical and technical commitments post colonialism remains inaccessible to the uninitiated Beginning with his own particular context of formation in this book Heaney provides an accessible introduction to post colonial theology

The Timid Leaper Gregg G. Brown, 2002-06-25

Catastrophes and Trophies This collection is actually the combination and slight rearrangement of four separate volumes of verse almost all of these poems were written in the calendar year 2001 It is not much to show for a year of human life that rich mystery we are twisted into by such a resolute hand The main emphasis of this collection as I hope will be quite clear is Nature Nature and Naturalism are not quite the same thing however and I have always had my own disagreements with the various proponents of those who took too dogmatically Thoreau's painful premise Simplify simplify simplify The sub title is inner nature poems and that is to help show that the weather for humans is never merely a matter of what is over our heads it is what is in our hearts as well from the Introduction
