Linden, 2015-10-15 A study of Ben Shahn's New Deal murals 1933-43 in the context of American Jewish history labor history and public discourse Lithuanian

born artist Ben Shahn learned fresco painting as an assistant to Diego Rivera in the 1930s and created his own visually powerful technically sophisticated and stylistically innovative artworks as part of the New Deal Arts Project's national mural program. In *Ben Shahn's New Deal Murals: Jewish Identity in the American Scene*, author Diana L. Linden demonstrates that Shahn mined his Jewish heritage and left-leaning politics for his style and subject matter, offering insight into his murals' creation and their sometimes complicated reception by officials, the public, and the press. In four chapters, Linden presents case studies of select Shahn murals that were created from 1933 to 1943 and are located in public buildings in New York, New Jersey, and Missouri. She studies Shahn's famous untitled fresco for the Jersey Homesteads, a utopian socialist cooperative community populated with former Jewish garment workers and funded under the New Deal; Shahn's mural for the Bronx Central Post Office; a fresco Shahn proposed to the post office in St. Louis; and a related one-panel easel painting titled *The First Amendment*, located in a Queens, New York, post office. By investigating the role of Jewish identity in Shahn's works, Linden considers the artist's responses to important issues of the era, such as President Roosevelt's opposition to open immigration to the United States, New York's bustling garment industry and its labor unions, ideological concerns about freedom and liberty that had significant meaning to Jews, and the encroachment of censorship into American art. Linden shows that throughout his public murals, Shahn literally painted Jews into the American scene with his subjects, themes, and compositions. Readers interested in Jewish American history, art history, and Depression-era American culture will enjoy this insightful volume.

**Ben Shahn** Ben Shahn, 2002 **Ben Shahn** James Thrall Soby, Ben Shahn, 2013-09 *Ben Shahn* Ben Shahn, Downtown Gallery (New York, N.Y.), 1930 **Ben Shahn** Frances Kathryn Pohl, Ben Shahn, 1993 BEN SHAHN offers a comprehensive look at the art work of one of the leading social realists of our time. The book includes pieces done in the 1930s depicting the effects of the Depression, urban decay, labor strikes, EDWARD HOPPER'S NEW ENGLAND by Carl Little ISBN 1 55640 315 4 21 95 STEWARD DAVIS'S ABSTRACT ARGOT by William Wilson ISBN 1 55640 316 2 *The Shape of Content* Ben Shahn, 1957 A modern painter discusses meaning and form in contemporary painting and offers advice to aspiring artists *Ben Shahn*, 1970 BEN SHAHN Ben Shahn, Kennedy Galleries, 1979 **Re-envisioning the Everyday** John Fagg, 2023-10-03 Often seen as backward-looking and convention-bound genre painting, representing scenes of everyday life was central to the work of twentieth-century artists such as John Sloan, Norman Rockwell, and Jacob Lawrence, who adapted such subjects to an era of rapid urbanization, mass media, and modernist art. *Re-envisioning the Everyday* asks what their works do to the tradition of genre painting and whether it remains a meaningful category through which to understand them. Working with and against the established narrative of American genre painting's late nineteenth-century decline into obsolescence, John Fagg explores how artists and illustrators used elements of the tradition to picture everyday life in a rapidly changing society, whether by appealing to its nostalgic and historical connotations or by updating it to address new formal and thematic concerns. Fagg argues that genre painting enabled twentieth-century artists to look slowly

and carefully at scenes of everyday life and on some occasions to understand those scenes as sites of political oppression and resistance But it also limited them to anachronistic ways of seeing and tied them to a freighted history of stereotyping and condescension By surveying genre painting when its status and relevance were uncertain and by looking at works that stretch and complicate its boundaries this book considers what the form is and probes the wider practice of generic categorization It will appeal to students and scholars of American art history art criticism and cultural studies

**The People's Painter** Cynthia Levinson, 2021-04-20 A lyrically told exquisitely illustrated biography of influential Jewish artist and activist Ben Shahn The first thing I can remember Ben said I drew As an observant child growing up in Lithuania Ben Shahn yearns to draw everything he sees and after seeing his father banished by the Czar for demanding workers rights he develops a keen sense of justice too So when Ben and the rest of his family make their way to America Ben brings both his sharp artistic eye and his desire to fight for what s right As he grows he speaks for justice through his art by disarming classmates who bully him because he s Jewish by defying his teachers insistence that he paint beautiful landscapes rather than true stories by urging the US government to pass Depression era laws to help people find food and jobs In this moving and timely portrait award winning author Cynthia Levinson and illustrator Evan Turk honor an artist immigrant and activist whose work still resonates today a true painter for the people
