Benedict Xv:

The Unknown Pope John Pollard,2014-03-04 An in depth and extensively researched biography of Pope Benedict XV Best known for his efforts to end World War I Benedict XV was the first contemporary pope to assume the role of peacemaker a role that has persisted in the papacy since Although Benedict s 1917 Peace Note was rejected by officials he went on to help establish Save the Children and to lead European efforts at humanitarian aid His brief pontificate resulted in a positive reassessment of the Church s attitude towards colonialism and colonized peoples Using previously unpublished correspondence and private papers from the Vatican archives John Pollard has written the first biography on Benedict XV in almost half a century

Benedict XV John Pollard,2005-06-20 When Joseph Ratzinger chose the Papal name Benedict XVI he consciously bought into a legacy that has stretched over nearly 1500 years From Bonosus in 575 to Bendict XV in 1914 the Benedictine legacy has been one of turmoil Benedict XV is one of the least known Popes of the 20th century but one of the most important Elected in 1914 after the outbreak of the First World War he dedicated his Papacy to achieving peace throughout Europe In August 1917 he offered a Peace Note to the warring powers to bring about the cessation of hostilities engaged in humanitarian activities and was instrumental in setting up the Save the Children Fund Benedict sought to heal the wounds created by the Modernist crisis of his predecessor Pius X reign but only after the end of World War I was he able to focus on matters within the church Despite his innate conservatism he took up progressive positions on both the Easter Rite Churches and Catholicism s missionary outlook He died relatively young yet his reign is one of the most important of any in the twentieth Century This is the first biography of Pope Benedict XV published in English in over forty years The author has made use of hitherto unavailable archival sources particularly those of the Vatican previously unpublished private papers of his family

The Life of Benedict XV Walter H. Peters,2009-07 This scarce antiquarian book is a facsimile reprint of the original Due to its age it may contain imperfections such as marks notations marginalia and flawed pages Because we believe this work is culturally important we have made it available as part of our commitment for protecting preserving and promoting the world s literature in affordable high quality modern editions that are true to the original work

Pope Benedict XV. and the War Anthony Brennan,1917

Benedict XV Alberto Melloni,Giovanni Cavagnini,Giulia Grossi,2020 On August 1 1917 three years after the outbreak of WW1 pope Benedict XV signed his famous peace note urging the governments of the belligerent Powers to seek a diplomatic solution to their disputes and stop the useless massacre In order to commemorate the event and to define the place of this forgotten pope in twentieth century history on November 3 5 2016 the Fondazione per le Scienze Religiose Giovanni XXIII Fscire hosted an international conference entitled Benedict XV in the world of the useless massacre in which more than a hundred historians from all over the world participated The aim of the initiative supported by the Historical and Scientific Committee for Italy s National Anniversaries is to shed light on the key issues of this pontificate from Giacomo Della Chiesa s education in the theological seminary in Genua to his heritage and

memory all along the twentieth century The volume resulting from this conference provides a comprehensive and systematic reference work about a key figure in Church history that has all too often been neglected **Benedict XV** Henry Edward George Rope,1940 *His Holiness Pope Benedict XV on the Great War* Pope Benedict XV,1916 *The Papal Arts of Peace and Civilization* Maxim Baz,2025-03-17 The twentieth century saw a transformation in the Catholic Church's approach to war and peace as the papacy sought to adopt and propose alternatives to traditional Just War doctrine by developing contemporary policies to peacefully resolve both the symptoms and root causes of war This book explores the emergence of a new ethical framework built upon three distinct moral doctrines coined here as AMP War Avoidance for when war is imminent War Mitigation for when war is unavoidable and Preventive Pacification during periods of relative stability This book examines the shaping of the AMP paradigm from Leo XIII to John Paul II analyzing its theological philosophical and legal underpinnings While AMP co exists alongside Just War doctrine the latter provides a framework for judging the morality of war the former addresses the preemption mitigation and prevention of conflict The book argues that AMP gradually became the primary framework for the Holy See's foreign policy with the potential to further become a crucial ethical guide for the twenty first century's pursuit of more just and peaceful international relations **Faith and Leadership** Michael P. Riccards,2012-04-19 This volume is the first major study of the papacy as a managerial structure that has evolved over two thousand years Special emphasis is placed on the environments in which the Church functioned and in which it had to reach uneasy compromises The volume is both scholarly and very readable *The American Review of Reviews* Albert Shaw,1922 **America** ,1921 *The New Catholic Dictionary* Condé Benoist Pallen,John Joseph Wynne,1929 *The Catholic Historical Review* ,1923 **The Harvard Theological Review** ,1925 **The Salesianum** ,1922 *Wiseman Review* ,1922 **International Index to Periodicals** ,1924 **The Official Index to The Times** ,1917 [Official Index to the Times](#) ,1918 Indexes the Times Sunday times and magazine Times literary supplement Times educational supplement Times educational supplement Scotland and the Times higher education supplement *The Catholic Charities Review* ,1921 Includes book reviews
