Collected Poems Of Denis Devlin:

Collected Poems of Denis Devlin Denis Devlin, 1989 Denis Devlin's *Collected Poems* brings together the poems and translations published during his lifetime. Arranged around his three major collections two which he oversaw and a third he did not live to complete the result is an extensive and accomplished body of poetry where imagery is shifting and evocative. As J C C Mays writes in his Introduction sense is elided meaning is syncopated because it has to be. It is the achievement of energy consistently applied to a purpose which takes manifold directions. When the effect succeeds it is exhilarating in a way few poets can rival. *Collected Poems of Denis Devlin*, 1989 **Collected poems, by denis devlin** Denis Devlin, Brian (editor) Coffey, 1964 *Denis Devlin* Denis Devlin, 1964 **The Complete Poems of Denis Devlin** Denis Devlin, 1964*

Selected poems by Denis Devlin Denis Devlin, 1963 A Broken Line Alex Davis, 2000 Alex Davis looks at Devlin's work within the aftermath of the Irish literary revival and Anglo American and French modernism and then relates it to the work of Devlin's contemporaries including Beckett and to modernist poets since his death. *Collected Poems* Denis Devlin, 1964

Official Voices: Poets and the Irish State Karl O'Hanlon, 2025-03-21 *Official Voices: Poets and the Irish State* examines the poet politicians and bureaucrats who shaped the twenty six county Irish state from its pre history in the revolutionary period through its foundation in 1922 and complicated modernisation in the 1960s to the outbreak of the Troubles. Poet officials juggled writing the state and navigating the force field between poetry and politics with poetic form registering the aftershocks of this collusive antagonism. Combining political history cultural history and literary criticism the book grapples with major issues in the state's history revolution state violence insurgency against the state patriarchy partition modernisation as well as socialist and feminist alternatives to conservative nationalism. Poets examined in the book include W B Yeats Ezra Pound Desmond FitzGerald Denis Devlin Joseph Campbell Valentin Iremonger Eithne Strong M ire Mhac an tSaoi and Thomas Kinsella. It draws on new archival work in state archives and literary collections and situates the Irish state and Irish poetry within a transnational frame. Taking up the relationship of poetry to politics and poet officials to state governance it tackles a perennial question what did poetry make happen and not happen in the twenty six counties. This book is about acknowledged legislators poetry's formal vigilance and how poets apprehended consciously and unconsciously the recalcitrant workings of power. **The Oxford Handbook of Modern Irish Poetry** Fran Brearton, Alan Gillis, 2012-10-25

Forty chapters written by leading scholars across the world describe the latest thinking on modern Irish poetry. The Handbook begins with a consideration of Yeats's early work and the legacy of the 19th century. The broadly chronological areas which follow covering the period from the 1910s through to the 21st century allow scope for coverage of key poetic voices in Ireland in their historical and political context. From the experimentalism of Beckett MacGreevy and others of the modernist generation to the refashioning of Yeats's Ireland on the part of poets such as MacNeice Kavanagh and Clarke mid century through to the controversially titled post 1969 Northern Renaissance of poetry this volume will provide extensive

coverage of the key movements of the modern period The Handbook covers the work of among others Paul Durcan Thomas Kinsella Brendan Kennelly Seamus Heaney Paul Muldoon Michael Longley Medbh McGuckian and Ciaran Carson The thematic sections interspersed throughout chapters on women s poetry religion translation painting music stylistics allow for comparative studies of poets north and south across the century Central to the guiding spirit of this project is the Handbook s consideration of poetic forms and a number of essays explore the generic diversity of poetry in Ireland its various manipulations reinventions and sometimes repudiations of traditional forms The last essays in the book examine the work of a new generation of poets from Ireland concentrating on work published in the last two decades by Justin Quinn Leontia Flynn Sinead Morrissey David Wheatley Vona Groarke and others

Irish Writers in the Civil Service Jonathan Foster, Elliott Mills, 2026-01-05 Tracing the evolution of the figure of the writer cum bureaucrat from the Victorian Irish Civil Service through to the present day this volume examines the scenes of literary art that developed behind counters and desks in bureaucratic Dublin and Belfast as well as the international contexts in which Irish writers found administrative work in the diplomatic sphere Advancing our sense of the shape and dynamics of these environments the volume maps out literary networks spanning both local and central government institutions thus shedding new light on the phenomenon of the literariness of Irish officialdom The volume shows that Irish writers in bureaucratic institutions drew extensively upon their work life experiences in their writing frequently emulating or critiquing bureaucratic writing practices in their literary work Whilst exploring the ways in which employment in state bureaucracies facilitated literary writing the volume also articulates the specific challenges facing Irish writer officials whose freedom of expression was drastically curtailed by their position as state functionaries Examining this complex literary scene of the state functionary across time presents a new window into the workings of the Irish state as processed through the creative imagination of those who knew it best

Modern Irish Writers Alexander G. Gonzalez, 1997-08-26 While the Irish Literary Revival began around 1885 and ended somewhere between 1925 and 1940 the Irish Renaissance has continued to the present day and shows no sign of abating The period has produced some of the most important and influential figures in Irish literature some of whom are counted among the world s greatest authors The Revival saw a reestablishment of Ireland s literary connections with its Celtic heritage and writers such as William Butler Yeats and Lady Gregory drew heavily on the myths and legends of the past James Joyce boldly reshaped the novel and wrote short fiction of enduring value Contemporary Irish writers continue to be leading figures and include such authors as Brian Frigl Seamus Heaney and Eavan Boland Included in this reference book are alphabetically arranged entries for more than 70 modern Irish writers including Samuel Beckett William Trevor Patrick Kavanagh Medbh McGuckian Sean O Casey J M Synge and Nuala Ni Dhomhnaill Entries are written by expert contributors and reflect a broad range of perspectives Each entry contains a brief biography that summarizes the author s career a discussion of major works and themes an overview of the author s critical reception and a bibliography of primary and secondary works An introductory

essay reviews the large and growing body of scholarship on modern Irish literature while an extensive bibliography concludes the volume

Out of What Began Gregory A. Schirmer, 2019-05-15 The first book of its kind Out of What Began traces the development of a distinctive tradition of Irish poetry over the course of three centuries Beginning with Jonathan Swift in the early eighteenth century and concluding with such contemporary poets as Seamus Heaney and Eavan Boland Gregory A Schirmer looks at the work of nearly a hundred poets Considering the evolving political and social environments in which they lived and wrote Schirmer shows how Irish poetry and culture have come to be shaped by the struggle to define Irish identity Schirmer includes a large number of accomplished poets who have been unjustly neglected in standard accounts of Irish literature many of these writers are women whose work has been kept in the shadows cast by that of well known male poets He also emphasizes the importance of political poetry in a country that continues to be torn by sectarian violence With its rich selection of poetic voices Out of What Began reveals the political social and religious diversity of Irish culture

Irish Poetry and the Construction of Modern Identity Stan Smith, 2005 Second generation of Irish Modernists has reconstructed not only the grand narratives of Irishness but the language in which an Irish identity has been rehearsed In subverting and relativising these discourses the postmodernist poetry imagines a new and contemporary Ireland open to the cross currents of European and international semiotics

Selected Poems Denis Devlin, 1963 **Behind All Archetypes** Billy Mills, 1995 Books in Print , 1994 **The Poetry Review** , 1991 *Translation and Literature* , 1995 Poetry Harriet Monroe, 1995
