Collected Critical Writings Geoffrey Hill, 2009 The *Collected Critical Writings* gathers more than forty years of Hill's published criticism in a revised final form and also adds much new work. It will serve as the canonical volume of criticism by Hill, the pre-eminent poet-critic whom A. N. Wilson has called probably the best writer alive in verse or in prose. In his criticism Hill ranges widely investigating both poets including Jonson, Dryden, Hopkins, Whitman, Eliot, and Yeats and prose writers such as Tyndale, Clarendon, Hobbes, Burton, Emerson, and F. H. Bradley. He is also steeped in the historical context, political, poetic, and religious of the writers he studies. Most importantly, he brings texts and contexts into new and telling relations, neither reducing texts to the circumstances of their utterance nor imagining that they can float free of them. A number of the essays have already established themselves as essential reading on particular subjects such as his analysis of Vaughan's *The Night*, his discussion of Gurney's poetry, and his critical account of *The Oxford English Dictionary*. Others confront the problems of language and the nature of value directly as in *Our Word is Our Bond*, *Language Suffering and Value*, and *Poetry and Value*. In all his criticism Hill reveals literature to be an essential arena of civic intelligence.

Lydia Sigourney Lydia Sigourney, 2008-08-28 Lydia Huntley Sigourney (1791–1865) was the most widely read and respected pre-Civil War American woman poet in the English-speaking world. In a half-century career, Sigourney produced a wide range of poetry and prose envisaging the United States as a new kind of republic with a unique mission in history in which women like herself had a central role. This edition contributes to the current recovery of Sigourney and her republican vision from the oblivion into which they were cast by the aftermath of the Civil War, the construction of a male-dominated American national literary canon, and the aesthetics of Modernism. In this Broadview edition, a representative selection of poetry and prose from across her career illustrates Sigourney's national vision and the diversity of forms she used to promote it. In the appendices, letters and documents illustrate her challenges and working methods in what she called her kitchen in Parnassus.
