The College Tuition Spiral Arthur M. Hauptman,1990 The College Tuition Spiral Arthur M. Hauptman, Jamie P. Merisotis, **Higher Education: Handbook of Theory and Research** J.C. Smart,2006-03-30 Published annually since 1985 the Handbook series provides an authoritative compendium of thorough and integrative literature reviews on a diverse array of topics of interest to the higher education scholarly and policy communities The University in a Corporate Culture Eric Gould,2003-01-01 Over the past century higher education in the United States has developed an increasingly powerful corporate ethos as institutions compete for students faculty and funding This book examines how the liberal democratic principles driving higher education often conflict with market pressures to credential students and offer knowledge that has a clear exchange value Eric Gould who has been both academician and college administrator argues that the failure to structure the curriculum so that it integrates responsible social idealism and humanism with economic and cultural needs constitutes the moral crisis of the university Gould analyzes the economics and politics of higher education showing how student consumerism culture wars faculty alienation trustee activism and a split between the concepts of culture and society have all resulted from the unholy alliance between pragmatism corporatism and liberalism in higher education He asserts that what is needed is a general education for undergraduates that promotes the ability to critique power relations including those within higher education so that students can understand how social forces and their embodiment of ideas ideologies and claims for truth shape contemporary public philosophy American Higher Education in the Twenty-First Century Michael N. Bastedo, Philip G. Altbach, Patricia J. Gumport,2016-03-30 An indispensable reference that everyone concerned with the future of American colleges and universities should acquire First published in 1999 American Higher Education in the Twenty First Century offered a comprehensive introduction to the central issues facing American colleges and universities This thoroughly revised edition brings the classic volume up to date The contributors have rewritten every chapter to address major changes in higher education including the rise of organized social movements the problem of income inequality and stratification and the growth of for profit and distance education Three new chapters cover information technology community colleges and teaching and learning This edition seeks to capture several crucial dynamics in the nexus of higher education and society Placing higher education within its social and political contexts the contributors discuss finance federal and state governance faculty students curriculum and academic leadership They also grapple with growing concerns about the future of the academy and reflect more deeply on the racial ethnic and socioeconomic diversity within higher education No other book covers such wide ranging issues under the broader theme of higher education s relationship to society Highly acclaimed and incorporating cutting edge research American Higher Education in the Twenty First Century is now more useful and engaging than ever Contributors Michael N Bastedo Philip G Altbach Patricia J Gumport Benjamin Baez Peter Riley Bahr Joy Blanchard Corbin M Campbell Melanie E Corrigan Peter D Eckel Roger L

American Higher Education in the Twenty-first Century Philip G. Altbach, Robert O. Berdahl, Robert Oliver Berdahl, Patricia J. Gumpert, 2005 This new edition explores current issues of central importance to the academy leadership accountability access finance technology academic freedom the canon governance and race Chapters also deal with key constituencies students and faculty in the context of a changing academic environment *Planning for Higher Education* ,1990 *Resources in Education* ,1975 **Tuition Fact Book** ,1998 **Strategies and Consequences: Managing the Costs in Higher Education** John S. Waggaman, 1992-01-14 Prepared by ERIC in cooperation with the Association for the Study of Higher Education *The College Board Review* ,1993 **Journal of Educational Planning and Administration** ,2012 The Journal of College and University Law ,1995 **America's Untapped Resource** Richard D. Kahlenberg, 2004 With access to higher education more important than ever low income students of all racial and ethnic groups continue to lag in participation What can be done to ensure that more low income students have adequate financial aid to attend college That disadvantaged students are academically prepared for college and can persist to graduation That selective universities are open to students of all economic backgrounds As Congress prepares to reauthorize the Higher Education Act a group of widely respected scholars proposes a number of provocative ideas in this volume Chapters include Low Income Students and the Affordability of Higher Education by Lawrence Gladieux a former official with the College Board Improving the Academic Preparation and Performance of Low Income Students in Higher Education by P Michael Timpane of the Aspen Institute and Arthur M Hauptman a higher education consultant and Socioeconomic Status Race Ethnicity and Selective College Admissions by Anthony P Carnevale of the Educational Testing Service and Stephen J Rose of ORC Macro International The volume also includes an appendix Pell Grant Recipients in Selective Colleges and Universities by Donald Heller of Pennsylvania State University *Journal of Chemical Education* ,1926 Includes Report of New England Association of Chemistry Teachers and Proceedings of the Pacific Southwest Association of Chemistry Teachers Higher Education Tuition and State Grants ,1994 **The Revenue-to-Cost Spiral in Higher Education** Robert E. Martin, 2009 The focus of this essay is on the persistently rising costs in higher education and the role that incentives play in pushing those costs up Data from the Department of Education's National Center for Education Statistics reveal that the rise in higher education cost exceeds the rise in service sector prices and even the rise in health care costs Martin 2005 National Center for Public Policy and Higher Education 2008 Some people argue that as long as students and their parents are willing to pay tuition it

can't be too high. That may be true for some students, yet the inability to control costs imperils access to college by many low and middle income students, and the author addresses the general point in this essay. With this essay, the author lifts the lid on the black box and explores the network of incentives that lead to the chronic cost control problem. He explores how characteristics of higher education, including its nonprofit legal status, manner of governance, competing objectives, and principal agent issues, all lead to a chronic tendency for both costs and revenues to rise. This essay reveals a perverse irony that is usually neglected in the literature: Higher revenues induce higher costs, and those higher costs are used to justify future calls for more revenue. The author calls this process the revenue to cost spiral. Contains 24 notes. *The Effects of Tuition Discounting at Private, Baccalaureate-level Institutions of Higher Education* Melissa Ruterbusch, 2004
