Modern British Women Writers Vicki K. Janik, Del Ivan Janik, 2002-11-30 The 20th century witnessed several major cultural movements including modernism anti modernism and postmodernism These and other means of understanding and perceiving the world shaped the literature of that era and with the rise of feminism resulted in a particularly rich body of literature by women writers This reference includes alphabetically arranged entries on 58 British women writers of the 20th century Some of these writers were born in England while others such as Katherine Mansfield and Doris Lessing came from countries of the former Empire or Commonwealth The volume also includes entries for women of color such as Kamala Markandaya and Buchi Emecheta Each entry is written by an expert contributor and includes an overview of the writer s background an analysis of her works an assessment of her achievements and lists of primary and secondary sources The volume closes with a selected general bibliography

Irish London Richard Kirkland, 2021-08-12 Winner of the 2022 British Association of Irish Studies BAIS Book Prize In the years following the Irish Famine 1845 52 London became one of the cities of Ireland The number of Irish in London swelled to over 100 000 and from this mass migration emerged a distinctive and vibrant culture based on a shared sense of history identity and experience In this book Richard Kirkland brings together elements in Irish London s culture and history that had previously only been understood separately or indeed largely overlooked as in the case of women s contributions to London Irish politics and culture In particular Kirkland makes resonant cultural connections between Irish and cockney performers in the music halls Irish trade fairs temperance marches the Fenian dynamite war of the 1880s St Patrick s Day events and the later cultural agitation of revivalists such as W B Yeats and Katharine Tynan Irish London A Cultural History 1850 1916 is both a significant contribution to our understanding of Irish emigrant communities in London at this time and an insightful case study for the comparative fields of cultural history and urban migration studies
