American Philosophy From Edwards To Dewey An Introduction:

American Philosophy from Edwards to Dewey Guy W. Stroh, 1968 **Documents in the History of American Philosophy, from Jonathan Edwards to John Dewey** Morton White, 1972 **Conversion in American Philosophy** Roger A. Ward, 2019-01-29 In this fresh provocative account of the American philosophical tradition Roger Ward explores the work of key thinkers through an innovative and counterintuitive lens religious conversion From Jonathan Edwards to Cornel West Ward threads the history of American thought into an extended multivalent encounter with the religious experience Looking at Dewey James Peirce Rorty Corrington and other thinkers Ward demonstrates that religious themes have deeply influenced the development of American philosophy This innovative reading of the American philosophical tradition will be welcomed not only by philosophers but also by historians and other students of America s religious intellectual and cultural legacy **American Philosophy Before Pragmatism** Russell B. Goodman, 2015 Russell B Goodman tells the story of the development of philosophy in America from the mid 18th century to the late 19th century The key figures in this story Jonathan Edwards Benjamin Franklin Thomas Jefferson the writers of The Federalist and the romantics or transcendentalists Emerson and Thoreau were not professors but men of the world whose deep formative influence on American thought brought philosophy together with religion politics and literature Goodman considers their work in relation to the philosophers and other thinkers they found important the deism of John Toland and Matthew Tindal the moral sense theories of Francis Hutcheson Adam Smith and David Hume the political and religious philosophy of John Locke the romanticism of William Wordsworth and Samuel Taylor Coleridge and the transcendental idealism of Immanuel Kant Goodman discusses Edwards s condemnation and Franklin s acceptance of deism argues that Jefferson was an Epicurean in his metaphysical views **World Philosophers and Their Works: Abe, Masao** ,2000 Examines the lives works and influence of ancient and contemporary world philosophers from Pythagoras and Jalal al Din Rumi to Elie Wiesel and Alison M Jaggar and analyzes the authorship and historical context of ancient works **The Philosopher's Index** Richard H. Lineback, 1978 **American Book Publishing Record Cumulative 1998** R R Bowker Publishing, 1999-03 **Primal Roots of American Philosophy** Bruce Wilshire, 2010-11-01 Continuing his quest to bring American philosophy back to its roots Bruce Wilshire connects the work of such thinkers as Thoreau Emerson Dewey and James with Native American beliefs and practices His search is not for exact parallels but rather for fundamental affinities between the equally organismic thought systems of indigenous peoples and classic American philosophers Wilshire gives particular emphasis to the affinities between Black Elk s view of the hoop of the world and Emerson s notion of horizon and also between a shaman s healing practices and James s ideas of pure experience willingness to believe and a pluralistic universe As these connections come into focus the book shows how European phenomenology was inspired and influenced by the classic American philosophers whose own work reveals the inspiration and influence of indigenous thought Wilshire s book also reveals how artificial are the walls that separate the

sciences and the humanities in academia and that separate Continental from Anglo American thought within the single discipline of philosophy
