Edgerton,2016-04-30 This is the first book length study to critically examine the work of Ken Burns the innovative producer director as a television auteur a pivotal programming influence within the industry and a popular historian who portrays a uniquely personal and compelling version of the country s past for tens of millions of viewers nationwide Ken Burns s America has a three fold agenda First it looks at the ideas and individuals that have influenced Burns in the creation of his easily recognized style as well as in the development and maturation of his ideological outlook Second the book gives readers a window on the Ken Burns production machine Gary Edgerton shows us the inner working of Florentine Films Finally he looks at Burns as a popular historian who reevaluates the nation s historical legacy from a new generational perspective and in the process becomes one of the major cultural commentators of our era The volume finally takes the full measure of the man and the industry he has helped to create **United States Civil Aircraft Register** ,1969 **Commercial West** ,1903 **Commerce** ,1920 *Historical Archaeology in the Cortez Mining District* Erich Obermayr,Robert W. McQueen,2016-10-28 The Cortez Hills Expansion Project archaeological excavations uncovered a wealth of information about the Cortez Mining District from its beginning in 1863 to the government mandated end to the mining of precious metals in the district during World War II Obermayr and McQueen use archaeological data as a foundation to tell the story of life in one of Nevada s most intriguing long lived mining districts Archaeologists excavate and analyze many thousands of artifacts uncovering the homes and workplaces and even trash dumps of prospectors and miners mill workers charcoal burners brickmakers blacksmiths teamsters and families They present an archaeological view of everyday life how Cortez was populated by a variety of ethnic groups how they lived what products they bought or consumed what their social status was and how even in this remote location they created their own version of lives exemplifying the era s Victorian ideals Readers interested in the archaeology of the West mining history and the history of Nevada will find this book fascinating S.P.E.
