American Wilderness And Its Future Conservation Versus Use:

The American Wilderness and Its Future Edward F. Dolan,1992 Describes the conflict between environmentalists and commercial and recreational interests over how the remaining wilderness areas in America should be used *Trends United States*. National Park Service,1994 [Reading Programs for Young Adults](#) Martha Seif Simpson,2015-11-16 School and public libraries often provide programs and activities for children in preschool through the sixth grade but there is little available to young adults For them libraries become a place for work the place to research an assignment or find a book for a report but the thought of the library as a place for enjoyment is lost So how do librarians recapture the interest of teenagers This just might be the answer Here you will find theme based units such as Cartoon Cavalcade Log On at the Library Go in Style Cruising the Mall Space Shots Teens on TV and 44 others that are designed for young adults Each includes a display idea suggestions for local sponsorship of prizes a program game to encourage participation 10 theme related activities curriculum tie in activities sample questions for use in trivia games or scavenger hunts ideas for activity sheets a bibliography of related works and a list of theme related films The units are highly flexible allowing any public or school library to adapt them to their particular needs [The Interrupted Forest](#) Neil Rolde,2024-10-01 Add to this the thousands of farms that have grown back to woods since the Civil War and you have the most forested state by percentage in the United States But the uninterrupted forest that Henry David Thoreau first saw in the 1840s was never exactly that Loggers had cut it severely European settlers had gnawed into it and much earlier native people had left their mark This book takes you deep into the past to understand the present allowing you to hear the stories of the people and events that have shaped the woods and made them what they are today *The Truth about Environmental Hazards* John Perritano,Robert N.
