Moving the Mountain Flora Davis, 1999 Moving the Mountain tells the story of the struggles and triumphs of thousands of activists who achieved half a revolution between 1960 and 1990 In this award winning book the most complete history of the women s movement to date Flora Davis presents a grass roots view of the small steps and giant leaps that have changed laws and institutions as well as the prejudices and unspoken rules governing a woman s place in American society Looking at every major feminist issue from the point of view of the participants in the struggle Moving the Mountain conveys the excitement the frustration and the creative chaos of feminism s Second Wave A new afterword assesses the movement s progress in the 1990s and prospects for the new century

Research-in-progress ,1986 Forthcoming Books Rose Army, 1989-05 *Sexual Power* Carolyn Johnston, 1992 Offers an opportunity to view the history of feminism and the family from a fresh perspective Since the early 1970s scholars have argued defined and refined a wide range of interpretations of American women s lives Despite the richness of the recent literature few interpretations sufficiently credit women s family and sexual experiences for the emergence of feminism and the construction of pro family agendas Thus Johnston s approach offers an opportunity to view the history of feminism and the family from a fresh perspective Much of the literature on feminism has focused on women s oppression and victimization rather than on the power that women historically have exerted Johnston s interpretation of American feminism differs from previous works because she argues that the gradual growth of feminist consciousness lies not simply in oppression or feelings of victimization but paradoxically in a growing sense of the empowerment of women as wives and mothers She traces how reproduction sexuality domesticity and motherhood have been socially constructed and examines how feminists and anti feminists have fought on the terrain of family issues Johnston explores critical questions concerning American women s sexual lives How have women s empowering experiences in the family shaped feminist consciousness and action How have feminists confronted family issues How have women exerted sexual power How was it contained within the limits of patriarchal society at times while at other times it fueled the fires of feminist rebellion How have gender and class issues affected domestic politics and feminism
