Offering a novel contribution within the growing field of regional innovation policies this book combines recent theoretical developments and empirical contributions with a particular focus on non core regions Leading academics in the field discuss the topics of regional path transformation place based strategies and policy learning Also included are sections on the role of EU institutions on the promotion of regional innovation and the analysis and comparison of the innovation policies experiences of four non core European regions Local and Regional Development Andy Pike, Andrés Rodríguez-Pose, John Tomaney,2016-07-15 Actors and institutions in localities and regions across the world are seeking prosperity and well being amidst tumultuous and disruptive shifts and transitions generated by an increasingly globalised knowledge intensive capitalism global financial instability volatility and crisis concerns about economic social and ecological sustainability climate change and resource shortages new multi actor and multi level systems of government and governance and a re ordering of the international political economy state austerity and retrenchment and new and reformed approaches to intervention policy and institutions for local and regional development Local and Regional Development provides an accessible critical and

integrated examination of local and regional development theory institutions and policy in this changing context Amidst its rising importance the book addresses the fundamental issues of what kind of local and regional development and for whom its purposes principles and values frameworks of understanding approaches and interventions and integrated approaches to local and regional development throughout the world The approach provides a theoretically informed critical analysis of contemporary local and regional development in an international and multi disciplinary context grounded in concrete empirical analysis from experiences in the global North and South It concludes by identifying what might constitute holistic inclusive progressive and sustainable local and regional development and reflecting upon its limits and political renewal

Studies in Economic Planning Over Space and Time George G. Judge,Takashi Takayama,1973 **Regional Economic Development** Robert J. Stimson,Roger R. Stough,Brian H. Roberts,2013-03-09 Regional economic development has attracted the interest of economists geographers planners and regional scientists for a long time And of course it is a field that has developed a large practitioner cohort in government and business agencies from the national down to the state and local levels In planning for cities and regions both large and small economic development issues now tend to be integrated into strategic planning processes For at least the last 50 years scholars from various disciplines have theorised about the nature of regional economic development developing a range of models seeking to explain the process of regional economic development and why it is that regions vary so much in their economic structure and performance and how these aspects of a region can change dramatically over time Regional scientists in particular have developed a comprehensive tool kit of methodologies to measure and monitor regional economic characteristics such as industry sectors employment income value of production investment and the like using both quantitative and qualitative methods of analysis and focusing on both static and dynamic analysis The father of regional science Walter Isard was the first to put together a comprehensive volume on techniques of regional analysis Isard 1960 and since then a huge literature has emerged including the many titles in the series published by Springer in which this book is published **A Study of the Natal Regional Economy** John Stanwix,1985 *Location and Well-being* Thomas J. Wilbanks,1980 *OECD Regional Outlook 2016 Productive Regions for Inclusive Societies* OECD,2016-10-11 The OECD Regional Outlook 2016 examines the widening productivity gap across regions within countries and the implications of these trends for the well being of people living in different places
