The Poetic Voices of John Gower Matthew W. Irvin,2014 An examination of Gower s skilful deployment of personae in his works showing the parallels between the way he treats love and the way he treats politics Gower s use of the persona the figure of the writer implicated in the text is the main theme of this book While it traces the development of Gower s voice through his major works it concentrates on the dialogue of Amans and Genius in the *Confessio Amantis* It argues that Gower negotiates problems of politics and problems of love by means of an analogy between political ethics and the rules of fin amour Amans and Genius are both drawn from and occupied with amatory and ethical traditions and their discourse produces a series of attempts to find a coherent and rational union of lover and ruler The volume also argues that Gower s goal is poetic as well as political through the personae Gower s readers experience the pains and pleasures of erotic and social love Gower s personae voice potential responses to exemplary experience prompting readers to feel and to judge and moving them to become better lovers and better rulers Gower s analogy between fin amour and politics brings the affects of the lover to the action of government and suggests for both love and rule the moderation that brings peace and joy Matthew
