A dark, shadowed figure is crouching in a circular opening, possibly a tunnel or a cave. The figure is surrounded by four vertical pillars or columns that support the structure. The lighting is dramatic, with strong shadows and highlights, creating a somber and mysterious atmosphere. The figure's face is obscured by deep shadow, and the overall scene is rendered in a dark, monochromatic palette.

Construction Of Homosexuality:

The Construction of Homosexuality David F. Greenberg, 2008-10-29 At various times homosexuality has been considered the noblest of loves a horrible sin a psychological condition or grounds for torture and execution David F Greenberg s careful encyclopedic and important new book argues that homosexuality is only deviant because society has constructed or defined it as deviant The book takes us over vast terrains of example and detail in the history of homosexuality Nicholas B Dirks New York Times Book Review

One of a small group of feminist pioneers in the historical profession Estelle B Freedman teaches and writes about women s history with a passion informed by her feminist values Over the past thirty years she has produced a body of work in which scholarship and politics have never been mutually exclusive This collection brings together eleven essays eight previously published and three new that document the evolving relationship between academic feminism and political feminism as Freedman has studied and lived it Following an introduction that presents a map of the personal and intellectual trajectory of Freedman s work the first section of essays on the origins and strategies of women s activism in U S history reiterates the importance of valuing women in a society that has long devalued their contributions The second section on the maintenance of sexual boundaries explores the malleability of both sexual identities and sexual politics Underlying the collection is an inquiry into the changing meanings of gender sexuality and politics during the nineteenth and twentieth centuries along with a concern for applying the insights of women s history broadly from the classroom to the courthouse
