CONTEMPORARY ART
CHINA

Contemporary Chinese art has emerged as a major force in the global art world. This book provides a comprehensive overview of the field, from the early 1980s to the present. It explores the diverse styles and themes of Chinese artists, as well as the challenges they face in a rapidly changing society. The book is written by leading experts in the field and is essential reading for anyone interested in contemporary art and culture in China.

Contemporary China

Anne-Marie Brady

Contemporary China:

Contemporary China Tamara Jacka, Andrew B. Kipnis, Sally Sargeson, 2013-09-30 China's rapid economic growth, modernization and globalization have led to astounding social changes. Contemporary China provides a fascinating portrayal of society and social change in the contemporary People's Republic of China. This book introduces readers to key sociological perspectives, themes and debates about Chinese society. It explores topics such as family life, citizenship, gender, ethnicity, labour, religion, education, class and rural/urban inequalities. It considers China's imperial past, the social and institutional legacies of the Maoist era and the momentous forces shaping it in the present. It also emphasises diversity and multiplicity, encouraging readers to consider new perspectives and rethink Western stereotypes about China and its people. Real-life case studies illustrate the key features of social relations and change in China. Definitions of key terms, discussion questions and lists of further reading help consolidate learning. Including full-colour maps and photographs, this book offers remarkable insight into Chinese society and social change.

Consuming China Kevin Latham, Stuart Thompson, Jakob Klein, 2012-08-21 Post-Mao China has been characterized in literature and the media as a burgeoning consumer society. Consuming China investigates this characterization by examining the cultural significance of consumption and consumerism in the People's Republic of China today. In questioning the notion of consumption, this impressive work suggests that it is not simply a symptom of economic reform within China, neither a product of the emergence and transformation of contemporary Chinese capitalism. Rather, the essays offer a new perspective on Chinese consumption by focusing on more than just consumerism, looking at the practices of consumption in relation to different manifestations of social and cultural change. Drawing on case studies from Taiwan, Hong Kong and the People's Republic of China, Consuming China affords a greater understanding of the practice of Chinese consumption and will appeal to China scholars and anthropologists and to those with an interest in cultural and gender studies.

Class in Contemporary China David S. G. Goodman, 2014-10-13 Choice Outstanding Academic Title for 2015. More than three decades of economic growth have led to significant social change in the People's Republic of China. This timely book examines the emerging structures of class and social stratification, how they are interpreted and managed by the Chinese Communist Party, and how they are understood and lived by people themselves. David Goodman details the emergence of a dominant class based on political power and wealth that has emerged from the institutions of the Party state, a well-established middle class that is closely associated with the Party state, and a not so well-established entrepreneurial middle class and several different subordinate classes in both the rural and urban areas. In doing so, he considers several critical issues: the extent to which the social basis of the Chinese political system has changed and the likely consequences; the impact of change on the old working class that was the socio-political mainstay of state socialism before the 1980s; the extent to which the migrant workers on whom much of the economic power of the PRC since the early 1980s has been based are becoming a new working class; and the consequences of China's growing middle class, especially for

politics The result is an invaluable guide for students and non specialists interested in the contours of ongoing social change in China *Whither China?* Xudong Zhang,2001 Chinese cultural and intellectual politics waned after the Tiananmen Square incident This volume explores their revitalization in the 1990s Contemporary China Kerry Brown,2019-01-19 The third edition of this concise core textbook offers students a comprehensive introduction to the politics economy culture and society of modern China while grounding all of these areas in the context of China s recent history in the 19th and 20th centuries Fully up to date this accessible text examines the key developments that are taking place in China and that are shaping its place in the world today from relations with Trump s United States and post Brexit Britain to the use of the internet to crack down on dissent and the establishment of Xi Jinping thought at the 19th Party Congress Authored by a highly regarded expert on the topic this is the essential guide to a country that is no longer just emerging but one which has in many respects already emerged as one of the leading powers of the 21st century The book is an ideal introductory text for undergraduate and postgraduate courses on China studies and contemporary China regardless of whether students approach the topic from a political historical sociological cultural or geographical viewpoint It can also be used on modules focussing more specifically on Chinese politics Chinese history or Chinese society New to this Edition Fully revised and updated throughout including discussions of Chinese US relations in the era of Trump the 2017 19th National Congress of the Communist Party of China and descriptions of the newest high ranking figures in Chinese politics New boxed features highlighting important issues and organisations including the status of women in China the telecoms company Huawei and the on going conflict over the South and East China Sea References to the most recent research in the field along with new recommendations for further reading for each chapter **American Studies of Contemporary China** David L. Shambaugh,2016-09-16 Examines the historical evolution of contemporary China studies in the United States reflecting the growth and maturation of the field since the Communist Party seized power in 1949 **Contemporary China** Yongnian Zheng,2013-04-22 Using new research and considering a multidisciplinary set of factors Contemporary China offers a comprehensive exploration of the making of contemporary China Provides a unique perspective on China incorporating newly published materials from within and outside China in English and Chinese Discusses both the societal and economic aspects of China s development and how these factors have affected Chinese elite politics Includes coverage of recent political scandals such as the dismissal of Bo Xilai and the intrigue surrounding the 18th National Congress elections in late 2012 Discusses the reasons for and ramifications of the gap that exists between western perceptions of China and China itself **Contemporary China** ,1941 **Understanding Contemporary China** Robert E. Gamer,2008 The third edition of *Understanding Contemporary China* retains all the useful features of the previous editions but has been thoroughly updated to reflect such current issues and challenges as China s dynamic economic growth its changing social and political culture its growing international presence as a mediator investor and disburser of foreign aid recent developments in the standoff with

Taiwan and the ever growing impact of environmental degradation Assuming no prior knowledge on the part of the reader the book was designed as a core text for Introduction to China courses and can also be used effectively in a variety of discipline oriented curriculums especially political science and sociology Numerous maps and photographs enhance the text

State and Peasant in Contemporary China Jean C. Oi,1989-12-06 This is a study of peasant state relations and village politics as they have evolved in response to the state s attempts to control the division of the harvest and extract the state defined surplus To provide the reader with a clearer sense of the evolution of peasant state relations over almost a forty year period and to highlight the dramatic changes that have taken place since 1978 I have divided my analysis into two parts Chapters 2 through 7 are on Maoist China and chapters 8 and 9 are on post Mao China The first part examines the state s grain policies and patterns of local politics that emerged during the highly collectivized Maoist period when the state closed free grain markets and established the system of unified purchase and sales tonggou tongxiao The second part describes the new methods for the production and division of the harvest after 1978 when the government decollectivized agriculture and abolished its unified procurement program

Political Developments in Contemporary China Ian Jeffries,2010-07-23 China s role in global events today cannot be overestimated This book provides a comprehensive and detailed overview of contemporary political developments in China Key topics covered include China s international relations with its neighbours and with the international community more widely demographic developments Taiwan Macao and Hong Kong Tibet Uighurs human rights health issues including bird flu food contamination and defective goods and a chronology of political developments congresses and Central Committee sessions since May 2006 the earthquake of 12 May 2008 and the 2008 Olympic Games The book continues and adds to the overview of developments up to May 2006 which were covered in the author s *China A Guide to Economic and Political Developments 2006* and is the companion volume to *Economic Developments in Contemporary China A Guide 2010* both published by Routledge
