Reshaping the Video Game Landscape With AI and GenAI Sousa, João Paulo Pereira, Tavares, Rogério Junior Correia, 2025-11-26 AI and GenAI are revolutionizing the video game industry. From procedurally generated worlds and non-playable characters to personalized gameplay experiences, these technologies are transforming how games are developed and experienced. Game studios are increasingly using AI and GenAI to streamline content creation and enhance realism, ultimately pushing the boundaries of what games can achieve. This reshaping of the video game landscape not only redefines entertainment but also opens new possibilities for education, social interaction, and digital economies within virtual environments. *Reshaping the Video Game Landscape With AI and GenAI* explores how AI and GenAI have affected the video gaming world. This book demonstrates how AI and GenAI can improve development workflows, create new player experiences, and support inclusive and ethical design. Covering topics such as AI gaming and development, this book is an excellent resource for researchers, academicians, game designers, and industry professionals.

Brand Creation and Management in the Phygital Era Djakeli, Kakhaber, 2025-05-29 In the evolving digital era, the fusion of physical and digital brand experiences, known as phygitalization, has become essential for brand relevance and success. As consumers increasingly expect seamless, meaningful interactions across both online and offline spaces, brands must strategically balance digital innovation with emotional authenticity. Effective brand management today involves not only delivering quality and efficiency but also creating culturally resonant, personalized experiences that inspire loyalty and action. This shift transforms branding from a corporate asset into a cultural symbol, deeply embedded in the identity and values of the communities it serves. This ability to master this synergy defines a brand's competitive edge in the 21st century. *Brand Creation and Management in the Phygital Era* discusses in depth how to create and manage brands in physical and digital environments, taking into consideration the complexities and opportunities of phygitalization. It offers practical strategies, research insights, and neuro-branding techniques to build emotionally resonant and culturally relevant brands in a hybrid world. Covering topics such as brand credibility, influencer marketing, and virtual reality (VR), this book is an excellent resource for entrepreneurs, marketers, managers, students, educators, business leaders, researchers, academicians, and more.
