Couples Group Psychotherapy A Clinical Practice Model:

Couples Group Psychotherapy Judith Coche, 2011-01-19 This book is an up to date model based on more than twenty years of work and research with outpatient couples groups In the text therapists will find everything they need to conceptualize and develop a successful practice based on group psychotherapy for couples The book combines tenets of individual personality development family systems theory and group psychotherapy theory blending aspects of the theoretical basis of each in order to build a conceptual framework that incorporates the strengths of all three Couples Group Psychotherapy also shows clinicians how to use this framework to treat individual clients how to assess the group s progress and how to understand the evolving relationship between participating couples The model is a cost effective time efficient way to address the needs of diverse communities and uncommon settings and it harnesses the best of both family and group psychotherapy Clinicians will come away from this book with a significantly enhanced skillset and a broadened understanding of how to treat couples effectively

The Wiley-Blackwell Handbook of Group Psychotherapy Jeffrey L. Kleinberg, 2015-06-22 Group Psychotherapy Finally we have a book about group therapy that answers the question Is there one book that covers the waterfront but is deep enough to provide more than just an overview of models and can actually help me become a better group therapist This is such a book International Journal of Group Psychotherapy This volume reflects the expansion in the field of psychodynamic group psychotherapy that today incorporates a variety of theoretical perspectives Leading experts from various countries provide the reader with a clear overview of the different approaches In addition there are chapters in this volume that deal with special populations and conditions of treatment While providing a straightforward introduction to the plethora of material in the field the volume will also serve as a comprehensive resource for any seasoned group psychotherapist Howard D Kibel Professor of Psychiatry New York Medical College and past President of the American Group Psychotherapy Association USA The Handbook of Group Psychotherapy is a user friendly guide to conducting group psychotherapy in various settings and with different populations It has been designed as a resource for new professionals including graduate students in mental health as well as more seasoned clinicians planning to integrate group psychotherapy into their work Bringing together pre eminent group psychotherapists from different theoretical perspectives and countries the articles in this volume present their approaches to conducting groups with diverse populations in different settings Written in straight forward jargon free language the articles directly speak to the needs of the mental health professional planning to begin a group or to strengthen an existing group Whether combined with a formal class in group techniques human relations or group dynamics or in an institute training group practitioners or read as part of one s own professional development this work is likely to advance the reader s clinical competency and strengthen their self confidence as a leader Using a personal style and speaking from years of experience the contributors provide hands on suggestions as to how a group leader really works From determining patient or client needs developing treatment goals and

constructing a group to handling emergencies the contributors address the needs of the new group leader The articles also address issues of diversity and globalism as well as trauma and resiliency making this a truly post 9 11 contribution

Couples Group Psychotherapy Judith Coché,2010 Group Counselling Keith Tudor,1999-06-22 This book provides a comprehensive examination of theories and concepts relating to group counselling and shows how differing theoretical frameworks can be used as a basis for practice Organized around the counselling process the book considers the practicalities of establishing and running a group raising awareness of its life cycle its cultural location and many other diverse issues Special emphasis is placed on the importance of therapeutic attitudes and philosophies as a basis for practice and humanistic and existential approaches to group counselling are given particular attention The author encourages readers to be aware of their conceptual framework and how it influences their work **Comprehensive Group Psychotherapy**

Harold I. Kaplan,Benjamin J. Sadock,1993 A textbook providing a comprehensive survey of the therapeutic techniques that dominate contemporary group practice and the theories and hypotheses on which they are based The volume is divided into six major sections basic principles specialized group psychotherapy techniques special practices in group psychotherapy group psychotherapy with special populations group psychotherapy in special settings and training research and special areas The first edition was published in 1971 the second in 1983 Annotation copyright by Book News Inc Portland OR

101 More Interventions in Family Therapy Thorana S Nelson,Terry S Trepper,2014-07-16 Inside 101 More Interventions in Family Therapy you ll discover many revolutionary and flexible strategies for family counseling intervention that you can tailor amend and apply in your own practice Designed to appeal to professionals of beginning intermediate or advanced level status 101 More Interventions in Family Therapy caters to an even broader range of ethnic racial gender and class contexts than did its well received predecessor 101 Interventions in Family Therapy You ll also find that this volume encompasses a wider variety of family therapy orientations including strategic behavioral family of origin solution focused and narrative In 101 More Interventions in Family Therapy you ll have at your fingertips a collection of favorite tried and true interventions compiled revised and delivered to you by the professionals who use them the clinicians themselves You ll gain valuable insight into effective and useful assessment strategies therapy that addresses school and career problems questions to use in solution focused therapy questions to use in narrative therapy ideas for resolving intergenerational issues Too often the in the trenches accounts you need to help add variety and a high success rate to your own practice come to you piecemeal in journals or newsletters But in 101 More Interventions in Family Therapy you ll find 101 handy easy to read and fun ways to modify your own therapeutic styles for a truly diverse variety of clientele and settings right where you want them in one volume in one place Even after a few chapters you ll discover 101 reasons to be happy with the prospect of improving your practice Specifically some of the interesting tips and techniques you ll read about include applying theater techniques to family therapy using an alarm clock and rubber band as props in clinical practice with children couples and families utilizing

the play baby intervention to coach parents on ways to address their children's concerns adopting a Columbo therapy approach one in which the therapist acts confused and asks questions out of a genuine curiosity about the client's experience to take a one down position with clients creating a safe space in therapy and helping clients transfer it into their lives using homework to increase the likelihood of producing desired therapeutic outcomes
