Cq Guide To Current American Government Fall 1995:

CQ Guide to Current American Government, Fall 1995 ,1995 **Political Science Quarterly** ,1995 Vols 4 38 40 41
include Record of political events Oct 1 1888 Dec 31 1925 issued as a separately paged supplement to no 3 of v 31 38 and to
no 1 of v 40 **Moral Victories in the Battle for Congress** Marty Cohen,2019-07-26 While Christian conservatives had
been active in national politics for decades and had achieved a seat at the table by working with the Republican Party the
1980s and 1990s saw them make significant strides by injecting issues of moral traditionalism into U S House races across
the country Christian conservative activists worked diligently to nominate friendly candidates and get them elected These
moral victories transformed the Republican House delegation into one that was much more culturally conservative and
created a new Republican majority In Moral Victories Marty Cohen seeks to chronicle this significant political phenomenon
and place it in both historical and theoretical contexts This is a story not only of the growing importance of moral issues but
also of the way party coalitions change and how this particular change began with religiously motivated activists determined
to ban abortion thwart gay rights and restore traditional morality to the country Beginning in the early 1980s and steadily
building from that point religious activists backed like minded candidates Traditional Republican candidates more concerned
about taxes and small government resisted the newcomers and were often defeated As a result increasing numbers of House
Republican nominees were against abortion and gay rights Voters responded by placing moral issues above their interests in
economic policies which led to the election of ever more socially conservative representatives As a result the House
Republican caucus evolved from a body that advocated largely for low taxes and small government to one equally invested in
moral and social issues especially abortion and gay rights The new moralistic Republican candidates were able to win in
districts where traditional business Republicans could not thereby creating the foundation for a durable Republican majority
in the House and reshaping the American political landscape The Cumulative Book Index ,1996 A world list of books in
the English language **Tapping the Government Grapevine** Judith Schiek Robinson,1988 Judith Schiek Robinson has
updated and expanded this popular guide which offers a thorough and sometimes humorous tour of government information
sources Her highly readable text explains the intricacies of government information and how to find sources that meet
specific research needs New features in the third edition include detailed coverage of Internet resources directories of World
Wide Web addresses and quick tips on which government Web sites to search for different types of information Helpful
guides to government abbreviations and citations are also included as are numerous new tables user guides exercises and
illustrations **Judicial Staff Directory** CQ Press,2001-12 A guide to national courts federal courts of appeal and states
courts giving more than 2001 biographies of judges and listing details of court staff and administrative personnel Convenient
indexes include court locator city county and alphabetical listings of judges and individual names PAIS Subject Headings

Harrigan, 2000 This brief book appropriate for an American Government course examines the relevance of American politics to the bottom 60% of income earners in the United States Harrigan establishes a theme in the first chapter that the bottom 60% of income earners in the U S constitute a lower status population and the main institutions of politics today have a significant bias against the economic interests of lower status people The author presents the central institutions and processes of American politics on a chapter by chapter basis demonstrating how each of them contributes to this bias *Congressional Quarterly Weekly Report* ,1997-04
