Tired of watching YouTube videos rehashing the same advice about Shopify dropshipping? If you're sick of inflated income claims and fake revenue screenshots, then you're going to benefit from this guide. You're watching your favorite videos on YouTube one day, and a video ad pops up where a twenty-something-year-old kid talks about how to make money online while talking about his rented Lamborghini in his rented condo or mansion. He explains how he made a boatload of cash with something called dropshipping and tells you can do the same if you only buy his ridiculously overpriced course. Between the cool video, the Lamborghini, and the mansion, it's difficult not to say yes. After all, who doesn't want a better life? So you whip out your credit card and buy the course. Excitedly, you put everything into action and launch your store. And then, after a week, crickets. No sales. After two months of spending thousands on ads for a few measly bucks, you're ready to throw in the towel and put this entire dropshipping stuff in the scam basket.

If this sounds like you don't give up yet, even if you haven't heard of Shopify dropshipping before, you'll know more than enough to start making money with dropshipping. Here's what you're going to learn in *Shopify Step by Step Guide on How to Make Money Online*: Step by step instructions on how to build your first profitable store, how to get initial traction and first sales, fundamental strategies to ensure your store always has orders coming in, advanced tactics to scale your business to five-six figure months and more.

Look, you can find all the information you need for free online, but what would it be worth to you if you could avoid stupid mistakes most dropshippers make? If you could save precious time scouring the web
