American Ways:

American Ways Gary Althern, Janet Bennett, 2011-03-04 This essential guide sheds light on the unique American psyche and national character now in a third edition Whether you re a businessperson beginning to work in the United States or a foreign student visiting for a semester this new edition of American Ways will help you navigate America s diverse and changing culture From the deep seated attitudes that mark the American character to customs and everyday activities American Ways explores the tapestry of the country s life providing invaluable information on cultural values politics education religion and relationships In this revised edition Gary Althen and Janet Bennett have added material that reflects some of the important changes that have occurred over the last decade This edition features new material on American politics reflecting the impact of the Bush administration as well as the election of the nation s first black president and an updated chapter on the effects of social networking sites on meeting people and creating friendships *Enemies of the American Way* David Bell Mislan, 2012-05-24 The book examines the role of identity in the decision making of presidents Cleveland Harrison and McKinley to develop a theory applicable to today s presidential policymaking Reconsidering the American Way of War Antulio J. Echevarria II, 2014-05-28 Challenging several longstanding notions about the American way of war this book examines US strategic and operational practice from 1775 to 2014 It surveys all major US wars from the War of Independence to the campaigns in Iraq and Afghanistan as well as most smaller US conflicts to determine what patterns if any existed in American uses of force Contrary to many popular sentiments Echevarria finds that the American way of war is not astrategic apolitical or defined by the use of overwhelming force Instead the American way of war was driven more by political considerations than military ones and the amount of force employed was rarely overwhelming or decisive Echevarria discovers that most conceptions of American strategic culture fail to hold up to scrutiny and that US operational practice has been closer to military science than to military art This book should be of interest to military practitioners and policymakers students and scholars of military history and security studies and general readers interested in military history and the future of military power Working the American Way Robert Day, 2004 The purpose of this book is to help the reader to better understand American values expectations and behaviours in business activities and to help them to develop practical strategies for being successful in working with Americans The American Way of Strategy Michael Lind, 2006-10-02 In *The American Way of Strategy* Lind argues that the goal of U S foreign policy has always been the preservation of the American way of life embodied in civilian government checks and balances a commercial economy and individual freedom Lind describes how successive American statesmen from George Washington Thomas Jefferson and Alexander Hamilton to Franklin Roosevelt Dwight Eisenhower and Ronald Reagan have pursued an American way of strategy that minimizes the dangers of empire and anarchy by two means liberal internationalism and realism At its best the American way of strategy is a well thought out and practical guide designed to preserve a peaceful and demilitarized world by

preventing an international system dominated by imperial and militarist states and its disruption by anarchy When American leaders have followed this path they have led our nation from success to success and when they have deviated from it the results have been disastrous Framed in an engaging historical narrative the book makes an important contribution to contemporary debates The American Way of Strategy is certain to change the way that Americans understand U S foreign policy

The French Assembly of 1848 and American Constitutional Doctrines Eugene Newton Curtis,1917
American Lumberman ,1918 **Atlantic Monthly** ,1912 **Civilization and Enjoyment** Alvin Saunders Johnson,Suzanne La Follette,1929 *The Illustrated American* ,1895 *Concord and Conflict* Norman E. Saul,1996

Between 1867 the year of the Alaskan purchase and the beginning of World War I Russian and American dignitaries diplomats businessmen writers tourists and entertainers crossed between the two countries in surprisingly great numbers Concord and Conflict provides the first comprehensive investigation of this highly transformational and fateful era in Russian American relations Excavating previously unmined Russian and American archives Norman Saul illuminates these fifty significant and open years of association between the two countries He explores the flow and fluctuation of economic diplomatic social and cultural affairs the personal and professional conflicts and scandals and the evolution of each nation s perception of the other
